## Summary

Jimmy turned 12 at the peak of the online live streaming for kids. He met the girl of his dreams but she lived a thousand miles away. They had no hope of meeting for years to come. The Universe had other ideas.

## Boy Meets Internet

After the initial success of a few live streaming apps like Myscope in 2016 the online world was ready for the convergence of two factors. Smart phones became more powerful, allowing them to handle more sophisticated programs, and cell service and home Wi-Fi became faster allowing for streaming of smooth live video. Applications, or “apps”, were developed to take advantage of the new power.

2017 saw the introduction of many livestream apps targeted at younger viewers and by 2018 there were dozens of choices. Most of the apps started with little or no monitoring. As long as the viewers bought the app’s digital coins with real money the owners didn’t care what activities the coins were used to reward. A majority of the rewards were given to girls of all ages who would do “dirty dares” in exchange for gifts. A dirty dare usually involved taking some or all of their clothes off although the more extreme ones included public masturbation. It was common to hear the phrase “When we reach X number of viewers.” The more viewers the more the clothes came off. Some of the girls would strip naked for an audience of two thousand viewers or more. They ignored the possibility that most of the viewers were adult men recording every second of the show.

It was in that environment that Jimmy Miller turned twelve years old and received a state-of-the-art smart phone for his birthday. Jimmy’s parents had two things in common. First, they knew absolutely nothing about technology; a friend had picked out the phone for them. They had no idea what it was used for other than emergency calls and some games and they were not aware of the dangers of the internet. The second thing they had in common was they thought of Jimmy as still their little boy. It never occurred to them that Jimmy had reached puberty early and was capable of masturbating, something he did almost every night.

Jimmy had a real gift for technology. He had already learned how to bypass the parental controls someone had installed on his parents’ computer. He discovered the world of adult online porn by the time he was ten but what he really wanted was to see girls his own age. He also wanted a girlfriend. The girls in his school either

ignored him or had older boyfriends. Soon after he got his phone Jimmy started sending messages to girls who had posted music videos and girls who broadcast on the live stream apps. A few of the girls agreed to send him pictures of their flat chest or budding breasts but they would usually block him after doing it. “Flashing” had become a popular sport where the girl would send one or two revealing pictures, ask for a picture of the boy’s dick back and then block him as soon as they received it.

Every night there were dozens of girls talking and flirting with their viewers. Friday night was sleepover night and it was common for three or four girls to “go live” and ask for comments. Many of the sleepovers ended up with a Truth or Dare game. As the game progressed the dares became dirtier and if there was one girl who liked the excitement she could usually get her friends to take more and more off until at least one of them was naked on camera for the immense pleasure of the viewers.

Jimmy would often talk to the girl who wasn’t the prettiest or most popular in the group. He liked building up the confidence of the shy girl and telling her she was beautiful since in his eyes she was. Jimmy thought all girls were beautiful just because of the way their bodies were made. He loved their curves and their softness and the smoothness of their pussy before puberty changed them. He had seen enough adult porn to know he only liked immature pussies better with little or no hair. He would ask for the shy girl’s Snapchat or other account where he could send her a message. An English teacher would cringe at the simplicity of the interactions.

“Hey” Jimmy would text to the girl.

“Hey” she might reply if she liked his profile picture.

“I like your videos”

“Tks”

“U like roleplay?”

If she said yes he would write her a romantic story about picking her up for a date and his mom driving and him holding her hand to show everyone he was with the prettiest girl in town. That usually had the desired effect and if she responded the story would have them make out in the theater. The story could be chaste with just kisses or sexy depending on the girl's reaction. Jimmy had stumbled onto a winning formula and he spent many nights writing to girls and occasionally getting sexy pictures back from them.

In the first few months after getting his phone Jimmy had a series of online "girlfriends. The first serious one was Sara. Jimmy and Sara would text back and forth almost every night. Jimmy was a gifted writer for his age and he would write her elaborate stories about he and Sara sneaking off to have wild sex sessions. It always made Sara horny to read about Jimmy sliding his hard dick inside her and at the end of the story she would usually send him pictures of her wet hairless pussy.

Sara's parents were strict fundamentalist Christians. The kind who live by a literal reading of the Bible. Her sexting with Jimmy was a form of rebellion against the strict rules of her parents. Jimmy's romance with Sara came to a crashing halt the day her mother caught her naked in front of her phone with Jimmy jerking off on the screen. Luckily her parents couldn't figure out who he was and never reported him to police. A few days later she snuck him an email saying that she was a sinner and had to repent or she would go straight to hell. She was being sent away to a church camp for a period of penance and prayer. Years later he would read about the minister who ran the camp being arrested for multiple child rape and abuse cases. It seems that the penance included sucking his dick and getting spanked while bent across his naked lap

Jimmy waited a week after Sara's email and when nothing happened he went looking for a new girlfriend. At that time it wasn't hard to find girls willing to send pictures and video to show how much they appreciated being the star of his stories. He met Amy from England and learned twelve year old girls could have breasts like torpedoes hanging half way down to their belly buttons. Amy had beautiful silky hair and Jimmy loved to get pictures of her topless with her hair flowing over one shoulder and down her ample breasts. After a hot six week romance Amy started asking for S and M stories about her being spanked and raped. Those subjects were disgusting to Jimmy and it caused them to break up.

He probably would have continued meeting girls and having sexy online dates until he was ninety if it wasn't for Cathy. Cathy was eleven and a half and stunningly beautiful when he first saw her profile pictures. Her light blond hair flowed in soft

waves down her shoulders and half way down her back. She had piercing blue eyes and a small mouth that formed two dimples when she smiled. She was a little bit petite for her age but not tiny. She had developed early and had definite smooth breasts but had not started her periods yet. Her frame was soft with a definite waist but not thin and bony like some girls. Jimmy thought that hugging her would be the most amazing thing he could ever do but it was impossible. He lived on the east coast and she lived in a small town in Illinois.

Cathy had made some fun music videos. She was actually a very good dancer. Her videos were suggestive but never dirty. When she went live she blocked dozens of men who asked her to do dirty dares. Jimmy usually didn't comment on live streams but when she asked for a song to play he answered with his favorite song. She said she liked it and played the song. Then she followed Jimmy, giving him the ability to text her privately. Over a period of weeks they became friends and then she agreed to be his girlfriend. As their trust in each other grew their pictures became more daring. He wrote her long romantic stories about making love in open fields and romantic deserted castles. By the time they said they loved each other each had sent a full nude photo to the other.

One of their favorite activities was to watch each other take a bath. They would send private streams from the bathtub and whisper "I love you"s as he stroked his dick and she rubbed her pussy for the camera. Since neither set of parents had any idea what they were doing they never questioned taking a phone into the bathroom.

Jimmy and Cathy shared their most intimate secrets. He would comfort her when her parents fought and she would calm him down when his parents treated him like he was five. He started writing her stories of them meeting and getting married someday. When he would write very erotic stories of them making love she would send him pictures of her fingering herself as she read them. When she would describe licking his dick he would send her a video of his cum shooting out and running down his hand. The end result was two very frustrated preteens. She kept saying.

"The Universe will figure it out, I just know it"

Just when they thought there was no solution the impossible happened.

“Hey, just found out I’m going on vacation near you”. Cathy said as her beautiful face filled the screen.

“Cool, where?” Jimmy replied.

Someplace near Boston. My parents rented a whole house for two weeks. It looks cool. It’s got a pool and there’s a big playground behind it and everything.

“Um, where exactly are you going” Jimmy asked slowly. His mind was spinning. It couldn’t be where he was thinking.

“Wait, my mom printed out the information. The town is LakeSmith. The address is 274 Madison Drive. Why do we need the address? Could you get there? Could we meet for real?

Jimmy was so excited he couldn’t talk. He kept trying to get enough air for words to form but he just kept gasping.

“Jimmy! What’s wrong? Are you alright?” Cathy thought he might be having an asthma attack.

“You are....I mean you will.....Oh my god! You’re gonna be next door to me. Your parents rented my next-door neighbor’s house. They go away for the summer and rent their house.”

Cathy just sat there with her mouth open. It didn’t seem real. Out of the millions of houses her parents could have rented they had picked the one right next door to Jimmy.

“We can’t let our parents know!” Cathy finally said.

“They would freak if they knew I’ve been talking to a boy on the internet for months.”

“Right. That won’t be a problem. My parents say hi to each renter and if they have kids they try to get me to be friends with them. I’ve had to take five-year-old brats to the playground. I’m sure they will tell me to show the nice little girl around.”

“Little?” Cathy said with mock anger. “Well I can pretend to be a nice little girl until we’re alone” laughed Cathy as she held her hand under her developing breast.

“Yeah, one great thing is my parents treat me like I’m five. They actually suggested I should still have boy-girl sleepovers. We might be able to use that to get you to stay over for a sleepover if your parents agree.”

“I’m sure my parents would like some alone time so that might work. Oh Jimmy, I can’t wait to hug you for real!” Cathy gushed.

“I can’t wait to kiss you” Jimmy replied.

“I can’t wait to feel your dick get hard in my hand. Let’s see it” Cathy said smiling and licking her lips.

“It might stay hard until you make it squirt” Jimmy countered as he pulled down his pants and showed off his rock hard five-inch dick.

## Midnight Swim

The day finally came and Jimmy and Cathy met in person for the first time. He would remember that Saturday in July his whole life. His parents brought him over to say hi to the new renters. Jimmy lagged behind as they approached the three people unloading a minivan full of luggage.

“Hi, I’m Bill Miller and this is my wife Susan and my son Jimmy” Bill said as they crossed the front yard.

“Well hi! I’m Jerry Anderson and this is my wife Mary and our daughter Cathy. Jimmy you look about Cathy’s age.”

“Jimmy is twelve” his mother said immediately. And how old are you Cathy. You’re very pretty.”

“I’m eleven and a half Mrs. Miller. Hello Jimmy.”

They thought it was cute when Jimmy said “Hi”, stuck out his hand and shook Cathy’s very formally. They didn’t see the sparks that were exchanged when the two lovers touched for the first time.

“What a nice gentleman “ Mary said. “I hope you two can be friends.

“Oh I’m sure they will be” Susan said. “Jimmy doesn’t have many little friends in this neighborhood.”

Jimmy cringed at the words “little friends” and Cathy giggled.

They all went for a walk to show Cathy’s parents the park behind Jimmy’s house and on the way Jimmy took Cathy’s hand in his.

“She’s real” he thought. “She’s right here and she’s more beautiful in person“.

Jimmy shuddered at his first touch of Cathy’s hand and she smiled sweetly at him. Cathy’s hair became even lighter in the summer sun and that day it was radiant light yellow color.

“ Down boy” she thought. “Must not blow the cover now”

The two families hit it off right away and Jimmy’s parents invited them for a cookout that first Saturday. Jimmy tried to get Cathy alone but there always seemed to be a parent around. He was able to steal a quick kiss when he and Cathy offered to bring some of the leftovers into the house while the adults talked.

The first time they had a real kiss was on another walk to the playground with both sets of parents. As they entered the park the path divided and Jimmy steered Cathy to the opposite side of the concession stand away from their parents. As soon as they were out of sight he stopped and pulled her into a hug. As her body molded into his every dream he had of feeling her against him was fulfilled. He lifted her pretty face and leaned in for the first romantic kiss of his life.

“I love you so much” he said as they broke the kiss.

“I love you too. We have to sneak away soon.” She whispered

“Meet me at the pool at midnight. Wear your swimsuit. If we get caught we’ll say we went for a moonlight swim.”

“Perfect” she said as they rounded the concession stand and joined their parents.

It was a warm summer night when they met at the pool that night. Both houses had central air so with all the windows closed they were pretty sure they wouldn’t be heard. The houses were similar with master bedrooms on one end and two bedrooms on the other end. Jimmy’s and Cathy’s bedrooms were a good distance from their parents and they were able to slip out undetected. Jimmy was standing at the pool when he saw Cathy open the back door of his neighbor’s house and step into the moonlight. He was hard in a second when he saw the pink ruffled bikini she was wearing. When Cathy reached him he wrapped his arms around her and they had their first extended romantic kiss.

Her bare skin under his fingers felt wonderful. Feeling her skin against his was so much better than just writing stories about it. They kissed for several minutes before he pulled back to speak.

“I want to see you” was all he said.

Cathy knew instantly what he meant and after looking at the high fence surrounding the yard she reached behind her back and untied the strings of her bikini top. It made sense that if she undressed before getting in the pool she wouldn’t have to hide a wet bathing suit. She had thought about this moment for months and hoped Jimmy wouldn’t be disappointed when he saw her naked in real life instead of on a tiny phone screen. Like most girls she was self-conscious about her body and critical of every bump and bulge.

She had nothing to worry about. Jimmy was already tenting his swimsuit and he smiled in the moonlight as Cathy’s breasts came into view. He couldn’t imagine a more perfect sight. Her breasts were soft and round at the edges with light brown nipples.

“Um, maybe we....I mean we should maybe....do the bottom together?” He barely managed to say as he looked at his topless girlfriend.

“Okay, yeah, that’s a good idea” she replied shyly. For some reason stripping in person was much scarier than doing it on a screen.

They stood facing each other and slid their thumbs into their respective suits. Cathy smiled and pushed her bikini bottoms down a couple inches on one side. She was going to tease him as they stripped.

Jimmy almost didn’t get the hint and he pushed his shorts down until they got caught on his very hard dick. He stopped when he saw that Cathy had stopped.

“Are her gonna do it?” He asked.

“Oh yeah. I’m just teasing a little.” She replied with a smile.

She started to sway her hips back and forth as she pushed her bottoms down slowly. Two inches on the left, two on the right. Her triangle came into view. Smooth white skin shown in the moonlight. No sun had ever reached that private area to tan it. Down some more and the suit rode up over her mound and down to just above her clit. She looked Jimmy in the eyes and then down to where his dick was straining to be released.

As they stared at each other both swimsuits dropped to the pool deck and were kicked aside. Their initial contact as they enjoyed their first naked hug almost made Jimmy cum. His senses were overwhelmed with emotion as he pulled his love tight against his body and felt her skin press into his. Their kiss was filled with sighs and tongues and hands roaming all over each other’s bodies. She, excited at his chest pressing against her breasts, and he, feeling excited and a little self-conscious as she squeezed his butt.

Jimmy had dreamed about skinny dipping for a long time. Because of safety concerns he had never been allowed in the water alone. His neighbors were usually gone during the summer when it was warm enough to use their pool so he had only been in it a couple times when the renters had invited him and his parents to join them. Ever since he was old enough to walk Jimmy had enjoyed being naked. His parents had struggled to keep clothes on him when he was a toddler and up until about age six he would run through the sprinkler naked in his back yard. When one of the renters with a daughter said something to his parents they decided his nudist days were over. Jimmy played the usual “doctor” games with the one girl in his neighborhood but that had ended by the time he was nine.

Cathy suddenly felt very exposed standing naked in the yard and she took Jimmy’s hand and led him down the steps into the shallow end of the pool. They both shuddered as the cool water flowed over genitals unprotected by swimsuits for the first time. He followed her to waist deep water near the edge of the pool and pulled her into another kiss. As good as the first dry skin hug felt, a slippery wet skin hug was a thousand times better. Jimmy put both hands on her bum and lifted Cathy up, sliding her soft body over his and rubbing his rock hard dick against her mound. Cathy’s giggle as her breasts brushed against his chest told him she was feeling the same thing.

She pulled back from the kiss, pushed out her chest and said "Aren't you going to kiss them?"

"Better than that" he said as he attacked them. Cathy gasped as he covered the left nipple with his mouth and sucked it in to where his tongue was waiting to tease it. He licked and sucked and kissed those beautiful breasts as she wrapped her legs around him and started rubbing against his body.

Jimmy continued to slide her body over his as he moved to the other breast. Then he carried her to the ladder and told her to reach back and hold on. He stepped back and slowly lifted her up until her abdomen broke the surface. Cathy adjusted her grip on the ladder so that she could float on her back. She waited to see what Jimmy was going to do next. When he started kissing his way up the insides of both legs she leaned back and enjoyed the feeling of his lips on her skin. Jimmy reached her inner thighs and couldn't believe skin could be that soft and sexy. Even in the cool water he could feel the heat from her pussy on his cheek as he kissed and nibbled closer and closer to the prize.

When his mouth covered her entrance she gasped and let out a squeak of excitement. "Shhh" he said as he kissed up and down both sides of her slit.

"Sorry, I couldn't help it" "That feels sooooo good" she said.

He didn't really know what to do next so he decided to start at the bottom and work his way up. He held her sexy butt with both hands and lifted her up so that he could push his tongue between the folds of her pussy. His sensitive tongue explored skin even smoother than her thighs. Cathy's pussy was much nicer than the ones he had seen on the porn movies. He liked Cathy's much better.

Jimmy's senses were overloaded with signals as he felt her bottom under his fingers and her inner parts with his tongue. He had a raging hard on and he didn't think he could get any harder but when he pressed in deeper and tasted Cathy's girl juices it felt like his dick would explode. The sweet salty taste was like liquid sex and it drove him to push in deeper.

Cathy jumped when she felt his tongue push inside her and she clamped her legs tight around his head. Jimmy had to stop and separate them before she drowned him.

"Don't stop" she said and he pushed his tongue even deeper into her as his hands played with her butt and his finger tickled her butt hole in the cool water.

Jimmy had zero actual experience but he had watched enough adult porn to have some basic idea of what to do. He licked from her hole up to a fold of skin at the top of her crease. He was pretty sure that was the spot he had seen licked on the porn videos so he sucked the delicate flesh, with its hidden button inside, into his mouth.

The effect on Cathy was immediate and she jumped when his tongue first touched her clit. She had to cover her mouth to muffle a scream when he sucked it along with its cowl into his mouth. He knew he had hit the right spot when she started humping his mouth and causing huge waves in the pool. Cathy put her legs over his shoulders and was gripping the pool ladder to support herself so Jimmy moved one hand from her butt to her neglected breast.

"Oh Jimmy!" She whispered. "Where did you learn that. It feels amazing"

Jimmy was too busy licking to answer and when he gently pinched her nipple Cathy jumped with pleasure and sent a tidal wave across the pool. He had seen Cathy masturbate so he had a pretty good idea that he should concentrate on the button that he was again torturing with his tongue. He had also seen Cathy push at least two fingers in the hole where he found that delicious liquid. When he slowly pressed his middle finger into her it pushed Cathy over the edge. She started to explode with a huge orgasm that sent waves of pleasure up and down her body. He held on tight as she bucked and humped against his mouth and finger. Over and over the surge of pleasure overwhelmed her as her orgasm exploded in multiple fireworks inside her body. In all the dozens of times she had brought herself off nothing could compare with what Jimmy was doing to her.

Finally it was too intense and she let go of the ladder with one hand to push him away.

"It's too much" she gasped as she continued to tremble from the earthquake centered inside her vagina.

Jimmy took her hands and pulled her close, hugging her tight as he slid her naked body against his. She kissed him hard and wrapped herself around him as she was hit with more and more aftershocks. Each one would make her shudder from deep inside. She felt his hard dick against her body and received even more stimulation as her super sensitive clit rubbed against it.

He was ready to explode but he held on until she stopped shaking and gradually calmed down.

It's your turn now" she said as she pushed his dick down between her legs. Unbelievably soft skin surrounded his dick as she brought her legs together and trapped him between her thighs. She started slowly moving back and forth giving him the most unbelievable sensation he had ever felt.

"Oh Cathy, can you believe we have two weeks together? You make me feel so good."

"That's because I love you." She replied. "Now let's give you what you gave me"

Cathy reached around Jimmy and held his butt with both hands. What was it about a girl touching his bum that was so erotic? He started to hump against her, guided by her hands pulling him in on every stroke. His dick was being jerked off by her soft inner thighs made even slipperier by the water. It didn't take long before she could feel his dick swell between her legs. Jimmy hugged her tight and shot stream after stream of hot cum into the pool water behind her.

This time it was his turn to have aftershocks as the most intense orgasm he had ever had hit him. Each blast of cum sent shivers through him and long after the cum had stopped he continued to have aftershocks that made his whole body tremble. Cathy held him tight and they kissed through the whole experience.

"I love you" he finally said as they sat on the pool steps cuddling.

“I love you too” she said, laying her head on his shoulder.

They took their time hugging and kissing together until it was time to put swimsuits on and head back to their individual houses. They had one long wonderful kiss and smiled at the thought that they had almost two full weeks of pleasure to look forward to. They both knew that it wouldn't be long before they took the next step. As he drifted off to sleep Jimmy wondered what it would feel like to actually be inside Cathy. Not with his finger but with something much more sensitive.

## **Backyard Camping**

The next day was spent touring Boston. Jimmy was invited along to keep Cathy company and to be their local guide. They started with a Duck Boat tour that showed them the highlights of the city. All Jimmy knew about the Duck Boats was that they were used for the parades after one of the Boston sports teams won another championship. Jerry didn't want to hear about all the Boston teams that had beaten his favorite teams. He knew the basketball playoffs were coming soon and he was secretly hoping he would get to see the Boston team lose.

After the Duck Boats they did a walking tour called the Freedom Trail. Cathy's parents were interested in things like Paul Revere's house and the Old North Church but to Jimmy and Cathy they were just a bunch of old buildings. Lunch in the North End was great with some excellent pizza followed by desert from the famous Mike's Pastry. They were a sleepy bunch that took the train back to Lakeside where Bill picked them up. Supper was at Jimmy's house again that night with desert from Mike's Pastry. They were all toasting marshmallows when Cathy's parents saw the tent in Jimmy's back yard.

"Cathy's never slept in a tent. Her mother can't stand bugs" Jerry said.

Bill said “Really? Would you two kids like to sleep in it tonight? If it's okay with Cathy's parents. We have extra sleeping bags and we could leave the back door unlocked if they changed their mind. It's very safe here.”

“Okay dad!” Jimmy thought. “Way to give me a whole night alone with my girlfriend”

Jimmy casually said. "Sure, I guess. If Cathy wants to."

"That would be cool" she added. "Could we look at the stars when it gets dark?"

"As long as you don't stay up too late" her mother added.

And so it was settled. Jimmy and Cathy both wore shorts and T-shirts for their "sleepwear" and Bill set up two sleeping bags in the tent. After lots of "Good Nights" and "We will be right inside if you need us", they left the two preteens alone. Jimmy struggled to zip the tent closed. The old zipper was hard to open and close and might give them a little time if the parents paid them a visit in the night.

The two lovers waited a long time in the separate sleeping bags to make sure their parents were asleep. Jimmy would steal kisses and Cathy would tickle his belly and chest. When it was safe, they got out of the sleeping bags and unzipped them to arranged them like a double bed. They met in the middle for the first of many long passionate kisses.

"You feel so good against me" he said after ending a long kissing session.

"I still can't believe this is happening

. Are we really here together? It still seems like a dream" she replied.

Jimmy reached over her and pinched her bum.

"Ouch". What did you do that for?" She asked as she pulled his hand away.

"Just proving that it's real" he said laughing as he pulled her tight against his chest.

Their lips met again and they seemed to melt together. Jimmy slid his hand inside her shorts in back and pulled her shirt up. Then he slid his hand up and caressed her bare back. He was glad to find there was no bra in the way. In spite of her having ample breasts she usually slept without a bra and her parents hadn't noticed that she didn't wear one under her loose T-shirt.

Jimmy let his hand drift to her waist and then up her front to one of those soft round breasts that he had enjoyed at the pool.

"Take it off" she whispered and his hands were trembling as he lifted her shirt over her head, followed quickly by her taking his shirt off.

"Oh that's so much better " he said as they embraced skin to skin.

Jimmy gently pushed her hair out of her eyes and pulled her into another kiss. His hand combed through her silky hair then down her neck and over to her breast again. Cathy drew in a deep breath when he made contact with her sensitive nipple. When her tongue pressed his lips he opened wide to let her in and then pressed his into her in return. There was something really exciting about putting part of his body inside hers and he knew it was just a practice for putting his tongue somewhere much more interesting.

He kissed her eyes, her nose, her cheeks and even nibbled her ears a little.

Pulling her close again he ran his hands over her bare back and down to her shorts.

She became hotter and hotter as he massaged her butt and let his fingers slide down between her legs a little. Her perfect round bottom felt so good in his hands.

Jimmy kept his hand on her bum as he started kissing her chin, her neck and finally, wonderfully, down to those beautiful breasts. She arched her back into him as his mouth covered her nipple and his tongue made circles around it until it was hard. Then it was time to give the other one attention and her soft moan told him he was doing it right.

He laid Cathy on her back and stared at her beautiful body for a few seconds before diving down to attack her belly button. She giggled as he ran circles around it with his tongue. He loved her sexy belly and spent a long time covering it with kisses. Of course, every couple of minutes he would work his way back up to each breast and up to her sexy mouth for more kisses and hugs. But he kept returning to that wonderfully sexy belly.

“You make me feel so good” she purred as he covered her stomach with soft kisses.  
“I’m sure our parents are asleep by now.”

Jimmy knew what she meant. He started kissing and licking along the waist band of her shorts. She smiled at him and pushed them down an inch. He kissed and licked that inch and she pushed them down another inch. They played that kissing game until her shorts and panties were just above the top of her opening. He ran his tongue up and down the creases of her legs and across her abdomen where the tiniest trace of soft hair tickled his nose.

It was time to stop teasing and he sat up and slowly pulled her shorts down and off as she lifted her bum up, leaving her in just pink panties.

“Oooo, pretty” he said as he ran his hands up the outside of her legs and held the waistband of the panties with both hands.

“I think you’ll like what’s under them even more” teased Cathy as she raised her bum up again and waited.

Jimmy slowly pulled the panties down with trembling hands. Although he had seen her naked plenty of times there was something extra exciting about his hands actively undressing her. When the panties were off he spun them around one finger like a flag and dropped them on the shorts. He had placed the shorts where she could pull them on quickly if any of the parents decided to check on them.

“You are so beautiful “ he whispered as he looked at her naked body on the sleeping bag. There was enough moonlight for him to see her clearly.

He quickly got rid of his shorts and underwear and moved between her legs as she spread herself open for him. He started kissing her from her toes up her legs to under her knees

“Hey! That tickles!” She giggled as he moved higher.

He slowly worked his way up, kissing and brushing his cheek against the soft skin of her thighs. She raised her legs and bent her knees as he progressed, opening herself up for him fully. He could feel the heat from her pussy as he kissed closer and closer but when he reached the top of her legs he skipped over it to attack her belly button again.

Cathy giggled for a bit then turned serious and gently pushed his head down, giving him the signal that there was more fun down lower. He kissed and licked his way down to her love spot and searched for that button that had excited her so much in the pool. He knew he had found it when she jumped and pressed her hips up and his head down at the same time. Jimmy wanted more of that liquid that he had tasted a trace of in the pool. Tonight it wouldn’t be mixed with pool water. He slid his hands under her butt and drove his tongue deep in her hole in search of her nectar. Cathy was already wet and the taste of her sexiness made him dizzy as he licked and probed inside her with his tongue. His tongue had never felt anything as smooth and slippery as her inner lips and he had never tasted anything that thrilled his senses like Cathy’s girl juices.

“Oh Jimmy! Oh yes! Oh that’s so good. Do it. Put your tongue in me.”

Cathy was on cloud nine. She had dreamed about Jimmy touching her most private places. Last night was thrilling but somewhat awkward holding on to the pool ladder and feeling very exposed. Tonight they were in their own private world in the tent. She could pretend it was their bedroom on their wedding night. She wanted him in the most carnal way. Tonight his fingers would not satisfy her. Tonight as much as she loved his tongue probing inside her, she wanted another part of his anatomy filling the ache that she had deep inside. She wanted his dick inside her.

Jimmy had never seen Cathy this excited. Whatever he was doing to her must be really good and he was determined to give her all the pleasure he could. Cathy started to hump against him as he explored everywhere with his tongue and rubbed her whole

pussy side to side with his mouth. His face was covered in her love juice and he even blew a raspberry on her pussy which surprised her and made her laugh. Then he licked his way up both sides of her outer lips to her magic spot.

When he sucked her swollen clit into his mouth she gasped and pushed her hips up into his face.

"Oh God Yes! Oh don't stop. I'm so close. Do it Jimmy. Do it" she moaned as he licked and gently pulled on her clit with his mouth.

They were both sweating and red with excitement as he continued to suck and lick her clit while reaching up with one hand to rub her breast and pinch her nipple. Knowing what her reaction was in the pool he moved his hand down and slipped a wet finger inside her as he continued to attack her clit. The touch of his finger inside her set off the explosion and she was hit by another massive orgasm that shook her like an earthquake.

The sound she made was more of a grunt than a moan. Every muscle in her body tensed and she lifted her hips, with Jimmy still licking her, four inches off the sleeping bag. Cathy covered her own mouth and was wishing she had something to bite down on as her orgasm built and built. When it finally peaked she felt like she was sitting on the top of a rocket that had just blasted off.

Waves of pleasure surged out from her clit to the top of her head and down to her toes. She jumped and bucked and pressed Jimmy's head into her clit with both hands. It was the biggest orgasm she had ever had and it seemed to last forever. Finally, it was all too much and she pushed his head off and pulled him up for a wet kiss. Tasting herself on his lips sent her into the first of many aftershocks.

Cathy turned on her side to hold him tight as more and more aftershocks hit her and made her whole body tremble. He wrapped his arms around her and held on for the ride, kissing her and holding her through it all. It took several minutes for their breathing to slow to something like normal.

"Oh god that was unbelievable" she finally said. "I love you so much!"

"I love you too" he said and held her even tighter, feeling her naked skin press into his. "You feel soooo good"

"Get on top of me" she said suddenly as she rolled on her back. Jimmy was up for anything so he slid over on top of her and lifted up on his elbows. He could feel her body touching his from his toes all the way to his chest and it was amazing. He found out what she was thinking when she reached down and spread her pussy lips so that his dick rested between them with the crown pointing at her belly button.

Jimmy had never felt anything like the warm, wet, silky skin that was surrounding his dick. It was just instinct to start slowly curling his hips so that his dick rubbed across her clit in both directions. He went a little out of his mind with pleasure and actually became dizzy with the flood of new feelings hitting him. Cathy was getting excited again and a new flood of love juice from her made everything even more slippery. Jimmy was developing a rhythm that would soon end with him cuming when suddenly something felt different. Something felt much better than before.

Soft, warm silk spread over the crown of his dick. Something had slipped over the crown, something wet and velvety, and unbelievably tight. It hit him what had happened and he jerked back, feeling his crown slipping out of the tight grip.

"Nooo," Cathy moaned. "Go back in."

"But we shouldn't" he started to say when she cut him off.

"Please put it back!" She insisted. "Just a little way. Please Jimmy. I want you inside me."

She looked at him with those hypnotic eyes, face flushed with anticipation. "Please! It was almost in. It's safe. I haven't started my periods yet. I want you to be my first."

Jimmy was torn. He had some idea what a big step it was for two kids their age to have sex but she was so convincing and it felt so good he agreed. He actually never considered he might get her pregnant so it was a good thing Cathy knew that it was safe.

"Okay," he whispered "but tell me if it hurts and I'll stop". He pressed forward and when the tip of his dick touched her pussy she almost purred with pleasure as she pressed up gently to meet him.

Jimmy felt it again; that amazing feeling of soft, moist skin parting, slowly letting his crown in. He felt the sensation of the inside of her vagina pressing against the tip of his erection and he never wanted that feeling to end. He started to slowly lift up and press down, lift up and press down as her waiting vagina stretched and liquid velvet gradually surrounded his crown in a tight, unbelievably tight grip. He couldn't believe it, they were actually having sex. She was going to be his first, and hopefully the eternal, love of his life. It was light years better than what he saw on the porn movies.

"Oh that's goooood," she sighed. "It feels so good".

"Does it hurt?" he asked, worried that he had no clue how far he could go in or how hard he should push.

"No, it's wonderful" she said as they started moving slowly together, his crown oozing out of her velvet pussy, then sliding in, just the crown for now.

He moved slowly, crown popping out, slipping in, out, in, Cathy trembling in his arms. Him shaking with excitement so much he could hardly keep his weight off her. She moaned and purred and sighed. He moaned and buried his face in her awesome hair, drinking in sight and sounds and erotic smells of his sexy love. He was getting closer and closer.

Without even realizing it he slipped deeper and deeper into her until their almost hairless abdomens were touching on each down stroke. Each slide into her wet canal filled them both with electric sparks. Each time he bottomed out he touched that spot deep in her vagina that sent signals directly to her brain. There was a boy's hard dick inside her body and she was loving it.

Jimmy could only hold out for so long and when he stopped worrying about hurting her the feelings coming from his dick caught up with him and he exploded.

"I'm gonna . Oh Oh Oh Fuck!"

It hit him like a baseball bat. His body jerked, his dick swelled and he exploded with a massive orgasm as he came inside her body, actually inside her, for the first time! He moaned into her mouth as they kissed and collapsed on top of her, pressing her to the ground as his dick swelled and blasted his cum deep inside Cathy's waiting vagina. He lifted himself up and pressed his body into hers as hard as he could, willing the cum to go deeper into her. Three, five, maybe ten times he blasted cum into her until it felt like he would turn himself inside out. When he couldn't hold himself up any more he collapsed on top of her again, panting like a race horse.

She held him tight to her chest as he slowly shrank and slipped out. When he felt it happen he rolled to his side taking Cathy with him until they lay side by side again. Now it was her turn to hold him through multiple aftershocks. His whole body trembled and his dick jumped and brushed against her with each aftershock. He reached down and found her clit in the slippery mess and brought her to another orgasm as she held him tight through her own aftershocks.

It seemed like hours that they lay side by side, holding, kissing, and touching each other. When they finally came to their senses they realized they were a sweaty sticky mess. A quick run over to the pool next door got them cleaned up in no time. Jimmy will never forget the sight of her naked butt bouncing as she ran back to the tent.

Jimmy zipped up the two separate sleeping bags and set his phone alarm for 5:30 before they both climbed into one bag and drifted off to sleep naked in each other's arms. When the alarm went off they dressed, she got in her sleeping bag and they went back to sleep. When both sets of parents came to wake them for breakfast they thought it was so cute that the two little kids were holding hands as they slept. Cathy's parents thought it was so lucky that she had found a nice boy to play with on this vacation.

## **The Picnic**

Jimmy didn't see Cathy on Monday because her parents wanted to do tourist stuff. As much as he wanted her to enjoy her vacation he really wanted to be alone with her as soon as possible. His chance came when the weather forecast for Tuesday was for a hot sunny day and Cathy's parents decided to stay and enjoy the pool for a day. Jimmy begged his mom to pack a picnic lunch for him and Cathy and Cathy convinced her parents to let him take her on a "nature walk" and picnic in the park behind their house.

"It's perfectly safe" Susan said. "You and your husband should enjoy the pool and let the little kids have fun."

Since Cathy's parents thought of Jimmy as the nice young boy next door they agreed. Susan packed sandwiches and chips and cookies and a couple juice packs for the picnic. She also let him use the picnic blanket that they used for their own family picnics. Jimmy had a surprise in mind and after his mom packed the lunch he put something special in the bag.

Jimmy was on a mission. One day when exploring he found a grassy meadow completely hidden from view by bushes. He only found the entrance by watching a rabbit disappear between some bushes. It was a good ten-minute walk on a well-marked path but after going through the hidden entrance the meadow was at least fifty yards from the main trail. He was pretty sure no one else had discovered his hideaway and he had visited it a few times to be alone and think. Sometimes his alone thinking included dropping his pants and jerking off as he lay on the soft grass. It was always extra exciting to look at the sky as he shot his load of cum into the air.

"Where are you taking me" Cathy kept asking. "This is all woods. I don't see a good place for a picnic here"

"Trust me. Just wait" he said as he led her down the trail. When he got to the big tree that he recognized he stopped and pushed a bush to one side.

"In there, quick before someone comes" he said as he pointed through the opening and held the bush back.

"What's in there? She asked.

“Just go! Trust me you will love it “ he said impatiently as he watched for anyone on the trail. He didn’t want someone to find out about his hidden spot and he sure didn’t want to be disturbed that afternoon with Cathy.

Jimmy followed Cathy in and made sure the bush hid the entrance again. Then he took her hand and walked to the end of the small path. They entered their own private world with bright sunshine and soft green grass completely surrounded by dense vegetation. It was as private as a yard with a ten foot fence. He led her to the center where the sun was brightest and spread the blanket out. They both sat down and ate the P and J sandwiches and other things that Jimmy’s mom had packed.

“This place is beautiful “ Cathy finally said. “How did you find it?”

“Just lucky. I was chasing a rabbit and found the opening.”

“Was it a white rabbit like Alice in Wonderland?” She asked.

“No, just a rabbit.” He laughed.

She was about to wipe some peanut butter off of her mouth when Jimmy leaned in for a taste and a kiss. He would add peanut butter kisses to the growing list of favorite Cathy kisses. Cathy put her arm around his neck and pulled him in for a sitting kiss. When she started pulling his shirt out of his shorts he did the same and soon two shirts were laying on the blanket. Cathy was a little self-conscious at sitting in the sunshine in her bra but she couldn’t see any openings in the brush or hear any people on the trail so she relaxed.

Jimmy pulled her into a hug as he reached around and fumbled with the clips on her bra. He finally got it open and leaned back as he slowly pulled it around and let it slide down her arms. The sun made a spotlight on her beautiful breasts and he studied every detail until she became embarrassed and hugged him. That feeling of skin to skin returned and they both felt a thrill as they hugged in the open air.

Cathy put her hand around Jimmy's neck and pulled him down beside her as she lay back on the blanket. A slight breeze reminded her that she was topless outside in the sunlight and the feeling caused her nipples to harden and a tingle to start between her legs.

"You're so beautiful" he said as he looked into her eyes. He was actually talking about her face and not just the bare breasts in front of him.

"You keep saying that" she said. "I'm not really. My boobs are too small and I'm fat and my hair is frizzy"

"Your hair is perfect and you are not fat. I love how you feel against me when we hug. And your boobs are just the right size for kissing."

He kissed his way from her lips down her neck to each breast as Cathy gasped. Jimmy loved her breasts but had other plans so he didn't linger there and kissed his way down to her soft belly. Cathy thought she knew what was coming and she lifted her bum off the blanket before he even started to pull her shorts off.

"You're sure no one can see us?" She asked as he took hold of her shorts.

"Positive" he said as the shorts slid off and her sexy pink panties came into view. "I've jerked off in here lots of time."

"Ooo, sorry I missed that" she giggled as she set her bum down on the blanket.

Jimmy reached for her panties when Cathy said

"Wait. Do it slow like in the tent."

Jimmy smiled and leaned down with his head over her belly button. Then he kissed and licked around her belly and down to her panties. He pulled them down two inches and kissed the exposed skin. Cathy felt a thrill up her spine as the air cooled where he licked. He pulled the panties down another two inches and her tan line became clearly visible. More kisses and licks gave Cathy another chill as she saw skin that had never been touched by sunlight shining bright under the afternoon sun. The panties were down to her mound and she lifted her bum and held her breath as he pulled them down and off. She was naked in the sunshine for the first time in her life and it was thrilling.

Jimmy was about to start kissing her pussy when Cathy sat up and said

“My turn”

She pushed him on his back and made a big production of opening his shorts and tugging them over his hips and bum. When they were off she looked at his obvious boner tenting out his dark blue underwear. He was very glad he hadn’t worn underwear with super heroes on it. Before removing them Cathy lay her naked body on him and gave him several hot kisses. Then she slid down and started licking and nibbling on his tiny nipples.

“Ouch! Don’t bite them!” He laughed as he felt the strange sensations on his chest.

Cathy moved down and licked around his belly button. Then she repeated what he had done only she had to push his dick to the side as the underwear was pulled lower and lower. When she got to the base of his dick she licked the whole triangle up to the base and even put her lips on the bottom of his dick.

“You gotta stop or I’m gonna cum” he finally said. He really didn’t want to cum in his underwear or anywhere but inside Cathy.

“Finish taking them off and lay down. We need sunscreen and then I’ve got a surprise for you” he said as she stopped licking him.

“I already put sunscreen on” she said automatically.

“On here?” He asked as he covered her breasts with his hands. “Or on here?” He said stroking her almost bald pussy.

“Um, no, not there. Better use a gentle cream down there.” She giggled.

“Actually maybe you should just do my butt for now. I can do you after the surprise and I really don’t want a sunburn on my bottom. That would be hard to explain.

Cathy sat up and pulled his underwear off as his very hard dick swung in the breeze. They were both naked in the sunshine now and it made them both extremely horny. She had a great time massaging a lot more sunscreen than was necessary into his butt cheeks and down the crack to his butt hole. When she was done he asked her to lay on her back. She did as he asked as he sat up and moved to the picnic basket.

“Close your eyes and don’t open them no matter what “ he said.

“”What are you gonna do “ she asked. “Nothing scary I hope”

“Trust me you will love it” he answered.

Cathy put her head back and looked up at the sky for a minute. She couldn’t believe she was laying naked outside in the sun. Not in a fenced in yard but out in the open. She closed her eyes and waited for Jimmy’s surprise.

She first heard the “whoosh”, then she felt the cold on her left breast.

“What was that” she asked as she jumped.

“Don’t open your eyes yet” he said quickly.

The next thing she felt was a tongue spreading something slippery over her breast and then licking it off. When the licking stopped she heard Jimmy say.

“You can open your eyes now but don’t move.

She opened her eyes in time to see Jimmy holding a can of whipped cream over her right breast. With a “whoosh” he circled her breast three times ending in a peak over her nipple.

“You goof. That’s cold!” She giggled as she messed up his hair with her fingers.

“Mmm, it’s delicious “ he said as he dove in and attacked the cream covered breast.

“Get over here“ she said as she pulled him on top of her.

Jimmy moved between her legs with his head above her belly. His dick left a trail of precum on her leg as he settled in.

“Ready?” He asked as he held the can above her belly button.

“Ready but save some for me” she answered with a smile.

“Whoosh”. The cream covered the middle of her belly. Jimmy’s face was covered in cream by the time he licked it all off.

“Mmmm, you make a great desert” he said and she laughed so loud he had to remind her where they were.

Jimmy moved down and Cathy opened her legs and held her breath as he held the can above her pussy.

"Ready?" He asked.

Cathy nodded yes and screamed with laughter as whipped cream topped her smooth sexy vagina. She had to cover her mouth to keep the noise level down.

"It's cold! " She gasped.

"Mmm looks perfect!" He said as he leaned down for the first lick.

"You goof. I love you " she said between laughs.

"Guilty," He agreed, as he lay between her legs staring at her smooth pussy covered with white whipped cream. “Best dessert ever”

Jimmy's mouth descended on the cream, starting down between her legs where the cream was dripping toward her bum hole. He licked up all of the drips including the ones on her bum hole then moved up to her opening. After cleaning up all the whipped cream he pressed his tongue in her hole, looking for her girl cream. When he found some she jumped and said.

“Hey, it's dripping. Clean me up before you start something. I want a turn with the can”

Jimmy ran his flat tongue over her pussy like licking an ice cream cone. Cathy shuddered as he pressed in at the top and tickled her clit. After a few more licks most of the whipped cream was gone and he moved up beside her. Before giving her the can he squirted a generous amount into her mouth and shared it with her in a long tongue filled kiss. Then it was his turn to lay down.

Jimmy laid down and looked up at the blue sky. He wasn't sure he liked being on the receiving end of the cold whipped cream.

"Whoosh". Icy cold hit his nipples followed by aggressive licking and nibbling.

"Hey, no biting" he said as he tried to pull away.

"Don't be a wuss" she laughed as she licked up the last of the cream.

"Whoosh". Jimmy felt the cold as Cathy filled his belly button with cream. He tried to tighten his muscles to show his abs but it tickled too much and he burst out laughing.

"Mmmmm, I like this kind of dessert" said Cathy as she licked circles around his belly button and down to his tan line.

Cathy moved down between his legs and reached for the can.

Whoosh, whoosh, whoosh". She filled the triangle below his waist then pushed his rock-hard dick forward and covered the underside of his dick and both balls with the sweet cream. He could feel it dripping toward his asshole almost immediately.

He almost came in her face when she licked his abdomen and her cheek pushed his dick out of the way. The area just in front of his dick is super sensitive and it felt wonderful to be licked there. Cathy was a tease at heart so she moved to his balls and gently licked the dripping cream off each one. Jimmy was afraid she might not know

how sensitive they were but he relaxed when she finished cleaning them up and moved lower. Cathy returned the favor when she licked the drips flowing down to his butt hole. When it didn't taste terrible she stayed a minute licking his puckered anus before moving to the main event.

Jimmy was pretty sure he knew what was about to happen. He really wanted to cum inside Cathy's pussy again but he always wondered what a blow job was like and they still had a couple of hours before they had to be home. He had his phone and so far there were no messages from his mom. Maybe he could cum a second time inside Cathy.

Cathy smiled and held the can over him. The cream on his dick had dropped away so she pushed his dick down to his abdomen and covered it with a fresh coating. When she licked from his balls to the tip he let out a groan and put both hands on her head.

"Oh god Cathy. That feels amazing." He moaned as she continued to lick.

When he was cleaned up she held his dick upright and gave the tip a squirt of cream. Jimmy held his breath and tried to resist cuming when she slipped his crown into her mouth and licked the cream off. He saw fireworks when she continued to lick circles around his tip and stopped to concentrate on the super sensitive underside at the top.

"Cathy! Oh fuck. Here it comes " he managed to get out as he felt the surge.

Cathy was ready and hit his dick with another blast of whipped cream before opening wide and taking all of him inside. She felt the first squirt fill her mouth as her lips kissed his abdomen. She had figured if the cum was too nasty mixing it with whipped cream would help. After she swallowed the first blast mixed with whipped cream she found the taste wasn't too bad and she sucked the next five blasts from him like an expert.

Jimmy voiced a series of grunts as each blast raced up his tube and into her waiting mouth.

“Uh, uh, omg Cathy mmmmmmm”

Jimmy could probably be considered certifiably insane for those first few minutes. His brain couldn't process all the emotions and feelings coursing through his body at once. There was the physical touch of her tongue on his dick. There was the cum, blasting up his tube and sending pleasure signals with every millimeter it travels. There was the sight of his girlfriend's head over his dick and her lips touching his abdomen. Finally there was the idea that she was drinking his cum like it was a milkshake, sucking every drop out of him. He came close to passing out but he held on for the ride and finally had to pull her off of him when there was no more cum to give her and his dick became unbearably sensitive.

Cathy sat up smiling then shot a blast of whipped cream into her mouth and moved up to share it with Jimmy in a kiss. His dick twitched when he tasted something salty mixed in with the whipped cream and he pulled her into a tight naked hug. If she was willing to drink his cum he wasn't going to complain about getting a little taste.

They cuddled through several of his aftershocks as the sun moved across the sky and the two lovers kissed and hugged. Jimmy had gotten hard after about fifteen minutes and when he thought he had recharged he moved over Cathy.

“Don't I get a lick first” she teased as she pushed his shoulders down.

Jimmy was more than willing and settled between her legs, admiring her beautiful pussy with just a slim hood peeking out from otherwise smooth skin. He loved that she didn't have the layers of dark wrinkled skin that the porn stars had. Cathy's pussy was pure young girl and he loved it just as it was.

Jimmy's first lick resulted in a gasp and an approving sigh from Cathy. His tongue picked up traces of whipped cream and the definite taste and smell of an aroused girl. Her girl juices were like a drug. They made him want more and want her more so he pressed his tongue as deep as possible inside her.

“Oh Jimmy, you do that so good. Don't stop” she moaned as he began to lick faster.

He followed her crease up to her clit and began feasting on it with lips and tongue. Cathy would gasp and press his head to her pussy when he sucked her clit into his mouth. Her breath became ragged as he wet a finger on her juices and started playing with her hole. She started thrashing her head side to side when he slipped a finger into her and when he moved that wet finger lower and pressed it into her bum she came.

Jimmy knew he had sent her over the edge when he felt Cathy stiffen her whole body and let out a growl that no combination of letters could describe. Cathy wrapped her legs around him and pressed her pussy up to get more of those delicious licks. She started grinding her pussy into him with each wave of pleasure. When she hit her peak she squeezed his head between her thighs and pulled on two fistfuls of his hair. When she was on the edge of blacking out she pulled him off of her pussy and up to hug him as tight as she could. He lay on her like a weighted blanket, giving comfort and calm as her body trembled in reaction to the overstimulation. Jimmy counted fifteen aftershocks as her body tried to shake off the massive amount of adrenaline it had produced.

They still had time so Jimmy waited for Cathy to completely calm down and enjoy her afterglow.

“That was amazing”. She finally said.

“I know”. He replied. “I like having you for dessert”

“Me too” she giggled. “You’re hard again”

“Uh huh” he said quietly as he moved into position.

Jimmy coated her pussy with a generous amount of precum and began sliding his dick over her crease, pressing it open as he moved. When he found her hole he held his dick straight and pressed into her. They were both trembling as he pressed and released, pressed and released. This wasn’t going to be an accident or something done in wild passion. He was going to put a part of him inside her body and give them both the immense pleasure that only this could do.

Gradually her body opened to receive him and he pressed until his crown passed her tight opening. He was inside her hot slippery canal again and he had to resist slamming his dick home.

“You’re in” she whispered as if even the birds might tell on them.

“I know “ he said just as quiet. “Does it hurt?”

“No way, it’s wonderful. Keep going”

Cathy wrapped her legs around Jimmy’s naked body and pressed her heels to his bottom. In doing so she opened herself up and he slid deeper into her until their abdomens touched.

“Still okay” he asked after kissing her and making sure he was as deep as he could go.

“I can feel you inside me. I wish you could stay there forever.”

“Mmmmm. Me too. It better if I move though“ he said as he slipped most of the way out of her and pressed in with one smooth motion.

Cathy’s senses lit up like a fireworks show and she pulled him in for another kiss. They both could sense this was going to be a long sensual experience. Each time he pulled out Jimmy felt the cool air on his dick reminding him that they were outside. Each time he pressed in and they touched abdomens he felt the sun on his bare bottom and he hoped he wasn’t getting a sunburn.

Cathy started encouraging his rhythm with her heels. Relax and let him slide out of her, making her ache to be filled again then pull him into her with her heels, feeling every inch of his magnificent dick filling her up until he scratched that itch deep at the

back of her vagina. She might be sore tomorrow but she was going to encourage him to keep going until he deposited his stuff in her. She thought about the day she hoped would come when he would make their baby in the same way but for now it was all for love and pleasure.

“You feel so good. I love doing this outside” he said before kissing her deeply.

Feeling her breasts on his chest felt so good he stayed down and curled his hips into her several times instead of raising up. When that didn’t produce enough stimulation he went back to full stroke traditional fucking while licking and sucking on her breasts.

They spent at least fifteen minutes slowly enjoying the sensations of him sliding in and out, in and out. Cathy looked up at the blue sky and thought how lucky she was to have met Jimmy and how grateful she was that she had answered his first shy text. That text had led her to here, laying under his naked body in the sunshine as he brought her closer and closer to another orgasm.

Jimmy had felt a change in intensity and automatically increased the speed of his thrusts. Twelve-year-old boys have a remarkable ability to generate semen quickly given the right stimulation and nothing could be more stimulating than sliding his dick in and out of Cathy’s hot pussy. As the time approached they both stopped talking and concentrated on the feelings their bodies were giving them. Kisses became quicker and more passionate. Thrusts became harder and pressed deeper. They both started breathing heavier as their emotional roller coaster car climbed higher and higher. Kathy was practically kicking him on every down thrust and when she slipped her hand between them to feel him sliding into her body they both went over the top and into simultaneous massive orgasms.

Cathy started with grunts and squeaks as her pussy erupted with pleasure senses.

“Oh God! Cathy! I’m cuming” he panted as the first discharge raced up the narrow tube in his dick and washed her insides with hot cum.

“Ma..ma..me too” she replied through gritted teeth.

Jimmy raised himself on stiff arms and pushed his hips as hard as he could into her body. Cathy grabbed his butt and pulled him in as every twitch of his dick sent rockets of good feelings in her body. It might have taken Jimmy a while to cum again but there was no shortage once he started. Three, five, ten, maybe twelve times his dick surged, he grunted and sent another shot of cum deep into Cathy's body. Each spurt sent Cathy higher as she could feel his dick thicken and feel the warm liquid inside her. Her body twitched under him and each movement set off sparks for both of them.

Jimmy pulled back and thrust just as the second shot of cum raced into her. His mind was overcome with desire and longing to give and receive as much pleasure as possible. He thrust deep penetrating strokes into her, each ending with another deposit of cum in her vagina. Cathy moaned and grunted as each thrust sent her higher. The world was spinning as she felt her love deposit his cum inside her in the bright sunshine. She held his bum with both hands pulling him in deeper, encouraging him to press harder as they both enjoyed their shared bliss in a tornado of emotions.

Jimmy thrust and pumped until there was nothing left to give her. He collapsed and went to slide to her side but she held him firm.

“Stay on top of me” she pleaded. “Stay inside as long as you can”

“I don’t want to squish you”

“It’s a good squish. Stay there please”

Jimmy did what she asked and lay his full weight on her. He hoped the sunscreen was working because he could feel the hot sun on his bare bottom. Cathy wrapped her arms around his sweaty back and hugged him tight as they traded aftershocks. She would tremble and squeeze his dick. That would cause him to twitch and press deeper into her. Back and forth they went as he rested his head on her shoulder and she hugged him tight.

They cuddled and rested for about fifteen minutes and when he finally slipped out of her a flood of cum trickled down between her legs and on to the blanket. He slid to her side and pulled her to face him. After several more minutes of gentle kisses and hugs he sat up and brought out the last surprise. In a plastic bag we're two wet wash cloths. After having her move to the grass he took great pleasure in washing his love like she was a little baby. He started with her face then neck and breasts, removing the last traces of whipped cream. After pouring more water on the cloth he washed her belly and down to her pussy. She flinched a little when he poured ice cold water from his water bottle right on her pussy and then pushed a finger inside her to draw out some of the remaining cum. He finished up by wiping from her bum up to her pussy and then handing her the other cloth.

Jimmy wasn't nearly as messy but Cathy had fun washing him in a similar manner. She didn't need to pour the water on his dick but it was fun and he was a good sport about it. When they were reasonably air dried, they reluctantly dressed, put everything away and headed back to the houses. Jimmy washed most of the cum off if the blanket. He would say they had spilled water on it. He planned to deposit the wash cloths in the bathroom laundry hamper and put the whipped cream can in a park trash can. His father would probably get blamed for using up all the whipped cream.

Their parents were surprised at how hungry they both were at supper and how they went to bed with no arguments. Little did they know the special exercises that had worn them out. It would be hard to top today but the two lovers were determined to try. An unexpected "Girls' weekend" for their mother's might prove to be the next opportunity but something unexpected happened first.

## **Reluctant Babysitters**

The two weeks were slipping away but so far they had exceeded Jimmy and Cathy's wildest expectations. They were looking forward to another day of fun when both sets of parents announced that Wednesday was going to be a shopping day. The mothers were going to an outlet mall an hour away and the fathers were going to a baseball game. Jimmy and Cathy were to go with the moms.

"Aw mom! No no no. You can't drag me to a dumb shopping mall on my vacation" whined both kids. After a quick texting between them they came up with a plan and Cathy was the first to spring it on her mother.

“Why can’t I stay here with Jimmy. We were gonna have a video game battle. He says no girl could beat him at video games.”

Cathy knew that her mother was very active in woman’s rights movements and that she would not like that comment.

“Oh he does, does he”. Her mother said slowly. “Maybe you need to teach him a lesson. Would you promise to stay in their family room and not open the door for anyone?”

“Yes, of course. And I know I can beat him.” She said laughing.

“Well first we need Jimmy’s parents to agree. You’re both pretty young to be home alone but it would be just a couple hours and we would have our phones.”

Next door a similar conversation was happening. Jimmy’s mother pictured two very unhappy whining kids ruining a fun shopping trip and decided Cathy was responsible enough to keep them safe. She still thought of Jimmy as her little boy. Everything seemed to be working out fine as the two dads left for the ball game in Boston and the moms headed out shopping. Jimmy and Cathy decided that they had better play some video games for a while in case the parents forgot something and came back.

Cathy was actually pretty good and won about half of the games. Jimmy was about to start something sexy when the phone rang.

“Hello, oh hi Mrs. Williams. No my parents are not home. Oh, that’s bad.

Um, I’m with a friend. Her parents are renting the house next to ours. Wait, I’ll ask”

Cathy had been standing next to Jimmy only hearing one side of the conversation.

“It’s my neighbor. She wants to know if you have ever babysat before”

“Sure, a couple times. I watched a couple little kids in the afternoon for our neighbor, why?”

Jimmy went back to the phone. “Yes she has Mrs. Williams. We could do it but you need to call my mom and get her permission. Tell her we will be fine and she doesn’t need to rush home. Okay, call me back if she says it’s okay.”

“What’s going on” asked Cathy as Jimmy hung up the phone.

“Our neighbor, Mrs. Williams got a call that her husband was hurt at work and she has to go to the hospital. He will be okay but she has two kids and she needs someone to watch them for a couple hours. She’s really desperate.”

Cathy was disappointed that their sexy time was probably not going to happen but she liked that Jimmy was so caring and generous.

“We have to help her” she said and gave him a hug. “Maybe we can play our games later” she said as she squeezed his butt. “How old are they?”

“I think they are seven or eight” he said, squeezing her bum in return.

After a few back and forth phone calls it was arranged. The seven-year-old twins, Margie and Mark were dropped off with many thanks from Mrs. Williams and they watched her drive off. Mark kept looking at Cathy and whispering to his sister. She did the same looking at Jimmy but kept shaking her head no. They all settled into the big family room and Jimmy asked them if they wanted to play a game. He was very surprised at their answer.

“We like to play house” answered Mark in spite of his sister’s scowl.

“Aren’t you a little old to play house?” Asked Cathy.

“Are you a tattletale?” Asked Margie?

“No, of course not” said a surprised Cathy. “Why did you ask that”

Mark looked down at the rug then said. “We like to play naughty house with our friends and you two could be the mommy and daddy and we could be the babies.”

Cathy was intrigued and Jimmy was confused. He let Cathy take the lead.

“So what’s naughty about playing house “ asked Cathy.

“Well if we’re babies you have to change our diapers” giggled a blushing Margie. She was a budding exhibitionist looking for an excuse to show off her body. Apparently, she had friends who liked to look.

“You can’t tell anyone” insisted Jimmy. “We could get in a lot of trouble if anyone found out”

“Well duh!” Answered Margie. “That’s why I asked if you would tattle. We would be in big trouble if our mom found out.”

Jimmy looked at a smiling Cathy and said “Okay then, how do we start”

Cathy moved over to him and said.

“Daddy, you’re home from work. We missed you”. She said then kissed him full on the lips which caused Margie and Mark’s eyes to open wide. This was going to be a fun game.

“Hi honey. Where are our beautiful babies?” Added Jimmy playing along. He knelt down and opened his arms wide.

“Daddy, daddy” said Margie as she rushed into his arms. Cathy knelt down and did the same for Mark.

“How is my pretty girl today? You’re as pretty as your mommy”. Jimmy was really getting into the game.

“I missed you daddy. Can we have a cookie?” replied a smiling Margie.

“Good idea. Let’s have a cookie and milk break.” Jimmy and Cathy got cookies and milk for the four of them and they had a great time pretending to be a family. When the two young ones finished their milk Cathy said.

“Don’t drink too fast babies. You might pee your diaper.”

Cathy took Jimmy aside and whispered something. He nodded yes and went off to the bathroom.

Cathy took the two kids into the family room and sat down with Mark in front of her.

“Mark, do you have a wet diaper?” Do I need to change you?”

Mark turned red and looked at the floor as he said “yes mommy”. Margie was beaming as she heard that the fun part was starting.

Jimmy returned with two large hand towels, a bath towel, wet wash cloth and several big safety pins.

“Daddy,” Cathy said with a wicked smile. “Mark needs his diaper changed. I will change him and then you should change Margie.”

“Okay honey. Margie, why don’t you sit with me until it’s your turn”

Margie came over and sat on Jimmy’s lap as Cathy spread the bath towel on the floor and had Mark lay on it. Jimmy let his hand drift between Margie’s bare legs. She gave his hand a little squeeze with her legs but didn’t tell him to remove it.

Cathy was shaking with excitement. This whole thing was so naughty it was thrilling. She was hoping there would be time to give these two kids a show but for now she wanted to know if she could get Mark hard. She was pretty sure he was too young to cum. It was also exciting to pretend that she and Jimmy were actually married.

Mark didn’t like being first but Cathy was so pretty and older than anyone he had played naughty house with. He wondered if she would touch his willy.

Cathy removed his shoes and socks first. If they were going to play she wanted him naked. She sat between Mark’s legs and unbuttoned his pants. Staying in character, she pulled down his zipper and slid his pants down past his feet and off as she said.

“Did my baby pee his diaper? You didn’t do poopies did you”

Mark laughed and said “No mommy, no poopies”.

“Well we better take your shirt off to be safe” she said as she sat him upright and pulled the shirt over his head. Mark had never gotten completely naked in the game because there was always the chance of getting caught.

Jimmy and Margie were watching the action closely. Jimmy’s hand had drifted up to graze her panties and make contact with her pussy.

“Have you been a good girl for mommy?” He said as they watched Cathy undressing her brother.

“Oh yes daddy” she said while pressing his hand deeper between her legs. She had been touched there before by other neighbor kids but not by a boy as old as Jimmy. He made her feel really good down there.

“Mmmm, I like hugging you” he said as he hugged her chest with his left hand and rubbed her pussy with his right.

Cathy was ready to take the big step. Taking Mark’s underwear off was much more serious than his shirt or shorts and she said.

“No tattling, right? If you tell your mom Jimmy and I will say we caught you and your sister naked in the bathroom touching each other.”

Mark looked scared at that idea and said

“I don’t tattle and neither does Margie. We play house lots of times.

“Okay Markie, let’s get your duper off and clean you up.”

Cathy took hold of his underwear and slid them down until they caught on his bum.

“Lift up baby. Let mommy undress you” she said in a sweet voice.

Mark lifted his bum off the floor and Cathy slid his cartoon briefs down and off his legs. His two-inch pencil thick dick stood ramrod straight.

“Oooo, someone is excited” Cathy said as she gently stroked Mark’s penis.

She took the wash cloth and wiped all around his dick and across his abdomen. Then she lifted him up by both ankles and wiped his cute little bum with the cloth. She dried him with the bath towel and spread his legs as she leaned over him.

“There you go baby, all clean. How about a kiss before I put your diaper on?”

Before he could react Cathy leaned down and kissed his twitching dick. He was shocked when she licked it and slipped the whole two inches in her mouth.

“Don’t bite it! hee hee, that tickles” he said as Cathy swirled his little dick around in her mouth.

She finished with another kiss and lifted his ankles up again.

“What a cute little bum” she said as she kissed each cheek and put the hand towel under him. With a lot of effort she fashioned a diaper out of the hand towel and safety pins. It didn’t cover a lot and she could see his little dick through the gaps but it would do.

“Your turn daddy” she said as she pulled Mark up and sat down with him on her lap.

“Maybe baby is hungry. Does baby want mommy to nurse him?” She said with a wicked smile.

“Mark didn’t understand what she was saying but Jimmy did and he nodded yes to Cathy. She leaned forward and pulled her shirt off, exposing her small breasts. They were big enough for games but small enough that she could skip wearing a bra some days. Laying Mark on his back so that his mouth was even with her nipple she said.

“Now don’t bite mommy, just lick and suck like it was a baby bottle.”

Mark was a fast learner and was soon giving Cathy a thrill as he sucked her hard nipple into his mouth and played with it with his tongue.

She reached into the gap in his “diaper” and played with his dick as he sent thrills up her spine.

Jimmy was so fascinated with what Cathy was doing he almost forgot he had a willing little girl in his lap. He slid her off and guided her to the floor as he said.

“Does my little baby girl need her diaper changed too?”

“Yes daddy” Margie said with a smile. She really liked the way Jimmy and Cathy played the game.

Jimmy pulled Margie’s shirt up over her head and off. Her chest was completely flat with two little light brown stickers for nipples. He had Margie lay down and he slid her shorts down and off. A pair of cute pink panties with princesses on them came into view. Not wanting to waste any time, Jimmy gripped the waistband of the panties and started to slowly pull them down.

Cathy shivered a little with excitement at seeing Jimmy undress the little girl. She loved what she and Jimmy had done but this was exciting in a different way. She

gave Mark a little hug and stroked his dick as she watched her boyfriend undress his seven-year-old sister.

Jimmy was shaking too. This was so much worse than what he and Cathy did if they got caught but Mark and Margie had suggested the game and he had to admit he liked undressing this little girl. Margie held her breath and lifted her bum as her panties were removed. She had never gotten completely naked in the game and it made it extra naughty. She let out a sigh when Jimmy spread her legs and started to wash her privates with the cloth.

“Let’s get baby nice and clean” he said as he lifted her up by the ankles and wiped her bum extra good. He made sure to press the cloth into the crack in her bum and clean her anus good.

When he lowered her legs down and spread them Margie held her breath again. She was afraid it was going to tickle if he kissed her down there. Jimmy took in the view. He loved Cathy’s pussy but Margie’s was different. First, there wasn’t a single hair anywhere. The skin was “baby smooth” from her belly button to her legs. Also, there was no line of skin hiding her clit. Her pussy was a smooth fold of skin that looked like two almonds.

Margie stiffened at first contact. She expected it to tickle but it wasn’t too bad. She couldn’t believe that Jimmy wanted to kiss where she peed but he did wash her pretty good. She gasped again when she felt his tongue slide up her crease and try to push her open. She let out a sudden

“Oh!”

when his tongue brushed over her button and stayed there. She had discovered her button pretty young and it had taken her mother several months to get her to stop rubbing it in public. She still rubbed it in bed when the lights were out.

“Are you okay” asked Mark when he heard his sister shout and saw her face turn red.

“Oh she is just fine” said Cathy as she caught his still hard dick between two fingers.  
“Jimmy is going to make her feel real good like I did to you.”

Jimmy was deep into licking the seven-year-old’s pussy. He never imagined that he could have been playing sex games with one of his neighbors all this time. After playing with her clit for a while he put both hands under her bum and lifted her up to get a better angle at her hole. He didn’t think he could get inside but he wanted a taste of her girly juices. Margie had no complaints as she experienced all the new feelings Jimmy was giving her. When she felt his tongue at her hole she put both hands on his head and pulled him in tighter.

“Mmmmm, that feels nice” she purred as he tried to make his tongue thinner and probed her opening. He managed to get at least an inch inside her and tasted the flavors that only a hairless young girl could produce. He loved Cathy’s taste but Margie’s was lighter and subtler. As her juices started to flow he pressed deeper into her and unconsciously moaned.

Cathy was so turned on by the sight of her boyfriend licking such a young girl that she moved Mark off of her lap for a minute and stripped all of her clothes off. When she was naked instead of putting him back in her lap she stretched her legs out wide and pulled him up on her body until his dick was even with her pussy. She groaned with pleasure as she slipped his two-inch dick into her hole and pulled him in by his butt.

Jimmy didn’t hear her moan because Margie had wrapped her legs around his head and was grinding her pussy into his face. When he moved up to her clit he felt the familiar stiffening of her muscles as he gave her an orgasm to remember.

“Oh, oh, what’s happening? Oh Jimmy yes, yes keep doing thaaaaaaaaaaaaaat”

Margie let the last word turn into a scream as her body reacted to the stimulation of Jimmy’s tongue. She had never felt this good before and she rocked on his tongue and ground herself into him. She saw stars and fireworks and felt her whole body shake as he kept licking and licking. Jimmy’s dick was painfully hard as he enjoyed giving Margie so much pleasure. He licked until it became too intense and she pushed him away. Before laying down next to her he saw Mark laying between Cathy’s now naked body. If Mark was older he would be jealous but he couldn’t say much with Margie’s pussy juice on his face. He wrapped his arms around Margie and

held her through multiple aftershocks while watching Mark pump his tiny dick in his girlfriend. It was a weird day.

Cathy was pretty sure Mark couldn't cum but she loved the naughty feeling of his pencil thin dick sliding into her. She smiled at Jimmy when he noticed what she was doing. When Margie calmed down Cathy pulled Mark up even with her face and gave him a grownup kiss. He may not have cum but Cathy had taught him that putting his dick in a warm slippery place sure felt good. After a few kisses she said to both kids.

"I really like playing house with you two but poor Jimmy hasn't had as much fun as the rest of us. I think it's time for the mommy and daddy to get together. You two can watch us."

"Mark, since Margie never got her diaper on you can take yours off. Margie, can you undress daddy so that we can all be naked?"

Jimmy sat up and let Margie take his shirt off. Then he laid down and she unzipped his shorts and tugged them off. Finally she got between his legs and pulled his underwear down, over his very hard dick, and off. She giggled when his dick popped up and waved back and forth. His thing was so much bigger and thicker than her brother's.

When he was naked Cathy put a pillow on the floor and laid down with her legs spread and her arms open. Jimmy moved over her like a cat and gave her a deep tongue filled kiss. Cathy returned the favor and stroked his back down to his butt with both hands.

"When mommy and daddy love each other they want to make each other feel really good."

"Mark, can you find my hole" she asked as if it was the most common thing in the world to look for a girl's vagina. "When you find it put your finger in and leave it there"

Mark wasn't sure he wanted to touch where she peed but he did like the feelings she gave him so he slipped his hand under Jimmy and explored Cathy's very wet pussy. She guided him to the right spot and soon was moaning as she felt his finger slide in.

"Mmm, good job Mark. Now Margie, take Jimmy's dick, his thing, and put it in my hole as Mark pulls his finger out.

Margie shrugged her shoulders and reached down to touch her first twelve-year-old dick. It was bigger than the neighbor boys that she had played house with. After several misses, that felt just fine thank you, she found the spot and guided Jimmy in as Mark withdrew his finger. Jimmy let himself sink into her wet slippery canal in one smooth motion.

"Oh that's much better" he said as he felt her abdomen touch his.

Cathy giggled and gave him a kiss as the two young ones sat there holding wet hands away from their bodies. They were both thinking it was gross to touch Cathy's wet privates. Was that pee all over their hands?

"Cathy saw the look on their faces and said.

"You can wash your hands in the kitchen or let Jimmy lick them clean. He loves how I taste down there."

"Jimmy looked up and said

"Cathy juice? I love it. If you don't want it I'll lick it off"

Mark slowly brought his hand to his nose and sniffed. It smelled different but not bad and he tentatively gave one finger a lick. When he decided he liked the taste he licked his whole hand clean.

“It’s good Margie, try it” he said but she wasn’t interested in licking another girl’s stuff. Instead she put her hand up to Jimmy who licked her hand clean and smacked his lips.

“Yum, tastes so good.”

Cathy brought them back to the game by saying it was time for mommy and daddy to make each other feel good. She wrapped her legs around Jimmy and pressed her heels into his butt. Jimmy didn’t need an invitation and was soon pumping his dick into her furiously. Cathy kept looking at Margie and Mark who were on opposite sides of each other staring at Jimmy’s dick disappearing into her body. She knew this was going to be the biggest orgasm yet because having an audience made it so much more exciting. She began panting as Jimmy’s dick sent her higher and higher.

Between pants she said to the twins

“Reach in between us. Feel him going inside me and rub my button. Margie, you know where it is.”

Jimmy was slamming into her by now and right at the edge of cuming. When he felt Mark’s fingers touching his dick he went over the edge. Likewise, when Cathy felt little girl fingers touching her clit it sent her off into a massive orgasm. The scream she let out scared both kids and they pulled back as Jimmy slammed his body into Cathy and kept it there. A lava flow of cum raced up his volcano and blasted deep inside Cathy. She pulled him into a wild kiss and pressed her body up trying to get every millimeter of his dick inside her. Mark and Margie watched Jimmy’s butt muscles contract as he pumped more and more cum into Cathy. The twins couldn’t know yet the full extent of the pleasure but they could get a pretty good idea that Jimmy and Cathy were feeling really good.

When the two lovers calmed down enough to think Cathy motioned for Mark to lay next to her and she pulled him in to a kiss. Jimmy did the same to Margie on the other side of Cathy. It was quite a sight with four naked kids with Jimmy on top of Cathy with his dick still inside her and the twins laying on either side of her, one kissing Cathy and the other kissing Jimmy. They cuddled like that for a long time until Jimmy slipped out of Cathy and they had to get up before she dropped cum on the

rug. It was getting late so after the twins got a close look at Jimmy's cum inside Cathy's pussy she went to the bathroom to clean up.

When she came back she said to Mark and Margie.

"We have one more thing to teach you two. Something you can do at home as long as you don't get caught. You can never tell where you learned this."

Mark and Margie sat up and waited for Cathy to show them this new thing.

"Mark, you lay on your back here on the floor. Now Margie you stand over him facing his feet. Good. Now kneel down and lower yourself on top of him. Mark, you guide her kitty to your mouth. Don't worry, you'll love the taste. Okay, now Margie you take his Willy in one hand and start licking it and sucking on it like a popsicle. Just be very careful that you don't scrape your teeth on it. Good. Good. Now Mark, you lick Margie. Try to get your tongue into her hole. That's where the good taste is. Don't forget to lick her button at the top. That makes her feel really good."

Jimmy just sat there with his mouth open. Cathy was teaching the seven-year-old twins how to do sixty-nine on each other. He had discovered that his girlfriend was full of sexy surprises. He was almost afraid to think of what she might come up with next.

When the twins were happily licking away Cathy sat on the floor between Jimmy's legs and pulled his hands onto her breasts. They sat like that for a while with him squeezing her breasts, her shoving two fingers inside her pussy and the twins giggling and licking and saying things like.

"Oh yea, right there Mark" and "Mmm, Margie that feels really good."

When Jimmy received a text from Mrs. Williams saying that she was on the way home with her husband they all cleaned up and got dressed. Jimmy put the towels and safety pins away and they were all watching an animated movie when Mrs. Williams came to pick them up. She wanted to pay Jimmy and Cathy but he said not

this time and that he might be available to watch them again if she needed him to. When he closed the door behind them he turned to Cathy and said.

“That was wild! You really like being a naughty girl, don’t you?”

“If we had more time I would show you how naughty I can be” she replied with a smirk.

A few minutes later both sets of parents arrived and told them how proud they were of them both for watching the twins. It was more confirmation for Cathy’s parents that Jimmy was a really nice boy and that she was safe with him.

## **Moms’ Weekend**

The week was going so well it was like a dream. It was hard to believe it could get any better. Thursday morning Susan came up with an idea that showed how much better it could get. The two couples had become close friends in just a few days. The two wives seemed to agree on everything and when Susan suggested that the two wives have a two night “mom’s retreat” at a spa near there the men didn’t try to argue. It was agreed the dads could watch Jimmy and Cathy for the two nights. The two dads decided that they both didn’t need to be tied down. One could watch both kids the first night and the other the second night. Bill had a meeting the first night so Jerry was up first. After the overnight in the tent it seemed natural that the two kids have a sleepover. The retreat did most of its business on the weekend so the two moms were able to make a reservation for Thursday and Friday night. After a thousand reminders to the dads about bed times and sweets the women headed off for two days of massages and facials and pampering.

Jimmy and Cathy spent most of the day at the rental house pool. The house had an xbox with games and Jerry was great about joining in for some of the games and ordering pizza for supper. They all watched a movie and soon it was close to bed time. The NBA finals were on and her dad really wanted to see the game. Being the totally clueless dad that he was he gave the two kids the shock of their lives when he said

"You kids can take your baths and get ready for bed by yourselves, right? You can use the big tub in the master bathroom. When you're done come down and you can watch the game for a while."

"Take our baths? By ourselves? For probably two hours? SURE WE CAN." They both thought.

"Okay dad" said Cathy as calmly as she could. "You enjoy the game. We promise we won't make a mess."

Jimmy and Cathy looked at each other smiling and headed upstairs to the master bathroom with the big jacuzzi tub. After locking the door Cathy added bubble bath to the filling tub and started kissing and undressing Jimmy. When he was naked and hard as a rock she told him to stand by the door and started to do the most erotic striptease he could imagine.

She wiggled her hips as she slowly lifted her shirt over her head showing Jimmy her beautiful body. She smiled as she tossed the shirt aside and hooked her fingers in the waistband of her shorts. Jimmy started rubbing his dick as her shorts slid down exposing a sexy pair of lace trimmed panties. He remembered them from the pictures she had sent to him and they were his favorites.

Cathy pulled the shirt over her head, showing Jimmy the breasts that he loved so much. He wanted to dive in and attack them but Cathy wiggled her finger No No and pushed her breasts together with both hands in a sexy dance. He could feel the precum starting as she slid her panties down, uncovering her glorious pussy.

They got in the tub together and he was hit with a new sensation that was pure heaven. Their bodies became slippery in the bubbles and the feeling of her wet skin sliding over his body was incredible. He lay in the tub with her on top of him as they kissed and explored the new feeling of warm water and soapy skin with hands and bodies. Cathy swayed side to side rubbing her slippery breasts against his chest.

"This feels so good!" He finally whispered.

“I know!” She replied. “This is way better than the pool!”

They knew they didn't have unlimited time but the feeling of slippery skin on skin was so intense that they spent several minutes just sliding their bodies against each other as they kissed deep passionate tongue filled kisses.

Finally he turned her so that her back was to his chest and attacked both breasts with his hands. She leaned back and enjoyed her boob massage as he scooped up the bubbles and ran his hands all over her breasts, belly and abdomen. She jumped when he reached down between her legs with both hands and ran his fingers up her slit to her swollen clit. The soap made her skin so soft and slippery that it opened a whole new set of sexy feelings. His hands explored every inch of her that he could reach as she leaned back with her eyes closed.

His hands drifted across her hips and down to her bum. He liked the feeling of her butt cheeks as he massaged them. Cathy liked it so much she put her arms on the edge of the tub and lifted herself up to give him better access. When he slid his hand down her crack and over her bum hole she purred. He didn't intend to play with her anus but the water made everything seem clean and slippery so he rested his middle finger right on her hole and started massaging it. Cathy didn't resist so he pressed his finger inside a little. When he pulled it out she surprised him by flipping over to kiss him and say.

“Now who's being naughty?”

Wrapping her hand around his dick she said.

“Want to see if this will fit in there?”

“Um, wow. You want me to?”

“I want to be naughty with you” she whispered in his ear before turning around and pressing her bum against his dick.

Jimmy went back to playing with her butthole with one hand and rubbing her clit with the other. When they were both trembling with passion he held his dick straight up and nudged her to lift up and sit on it.

“Do you think it will fit?” He asked quietly.

“Only one way to find out” she answered as she wiggled her bottom against his dick.

Jimmy sort of remembered seeing anal sex on the internet but he never paid much attention. Luckily Cathy had learned the pleasures of putting smooth objects up her butt and she guided Jimmy’s dick to the right spot.

“It’s too tight” he said almost immediately.

“Give me a minute.” She replied

Cathy gave a slight push like she was trying to poop and felt Jimmy start to press her anus open. She pushed herself down and felt his thick warm dick enter her rectum. It was so much better than the markers she had used.

Jimmy really didn’t think he would fit in the tiny hole where Cathy had pushed his finger. She lined up his dick and he held it firm as she pushed herself down. After a few tries he felt her unyielding muscles relax and a tight rubber band slipped over his crown. When the widest part passed into her it felt like she would cut the top of his dick off. It was very tight. Gradually Cathy’s body accepted the intruder and Jimmy was able to slip in all the way. When her bum touched his abdomen he reached around and hugged her.

“This is amazing. I never would have tried this” he said.

"I told you I was a naughty girl" she giggled as she tightened her anus muscles.

"Ouch, don't cut it off" he whispered as he pinched her clit in retaliation.

Jimmy sighed with pleasure. He was fully inside her again but this time in a very different place. Her colon was smoother than the inside of her pussy but just as hot. The stimulation of her bum on his abdomen was amazing. The area above the base of a boy's dick is super sensitive and a place that doesn't usually get much stimulation. Having Cathy's slippery bum pressing against it was giving him extra pleasure.

He loved that he could reach around and cover her breasts with bubbles. In this position he could reach her clit while he was inside her to give her even more pleasure. And this time he could bury his face in her awesome hair and kiss the back of her neck as he moved inside her.

Jimmy closed his eyes and hugged her tight. The feelings were so intense! Her wet skin against his body. The feeling of her skin on his fingers, hands roaming all over her body touching, tickling, probing every inch of her. Jimmy reached down to her bum and gently lifted her up, sliding out of her as he lifted. A million billion nerve endings fired along his dick and inside her bum as they moved together. When the crown of his dick bumped her tight ring he reversed direction and slid back into her, so deep, so tight, so unbelievably wonderful. It might not be better than her pussy but it sure felt good and being so naughty made it even more exciting.

"You feel sooo good"

He said as they started to move in rhythm.

"Make me cum" she whispered as she guided his hands to her clit.

Up and down, in and out he slid as he became even harder. He reached around and found her clit as Cathy used her arms to keep up the rhythm, lifting herself up and dropping down on his dick. Round and round his fingers went on her clit. Up and down she floated in the water making love waves across the tub.

Cathy started panting and moaning as the double stimulation brought her higher and higher. Jimmy was trying to hold on but the extreme stimulation of her tight ring squeezing his dick was getting him closer and closer. He doubled his efforts to give her the pleasure he was getting. Reaching around he found her vagina and slipped his finger inside while still rubbing her clit. When she felt his finger enter her the feeling of being penetrated from front and back pushed her over the edge.

Cathy's orgasm hit like a bomb and she pushed down to drive him deeper in her as that wonderful overpowering feeling of joy exploded inside her.

Jimmy continued to attack her clit with one hand while finger fucking her madly with the other. She moaned, ground her butt into him and covered his hand with both of hers to increase the pressure on her pussy. Wave after wave of pure bliss washed over her and she started that wonderful overpowering shake that told him her orgasm had arrived.

"Oh. Oh, Oh Jimmy, yes! Yes!" She moaned and bit her lip as the intense feelings exploded inside her. She rocked back and forth in the water, increasing the stimulation and creating waves in the tub. Jimmy thought she might pass out from the intensity and the feeling of her bum hole twitching and squeezing pushed him over the edge.

Cathy was still shaking with pleasure when the first blast of hot cum rushed up his dick and splashed inside her rectum. The feeling of him swelling inside her set off a second orgasm before the first one finished and an " Oh God" slipped out of her mouth as she went even higher.

He pulled his finger out and held her tight with both hands as blast after blast of cum poured out of him and deep inside her rectum. It was his turn to shake and tremble as he tried to push deeper in her with each blast. He was pressing up into her with each shot of cum and holding her tight for what seemed like several minutes before the twitching stopped.

Jimmy relaxed his grip a little and pulled her back to lay against his chest. They both spent several more minutes of pure love and joy as their aftershocks continued to stimulate each other in a back-and-forth duel. They were so exhausted they almost fell asleep in the tub. Gradually he shrank and slipped out of her. He glanced down quickly and was happy to not see any brown streaks in the water. She rolled over to

kiss him deeply and slide her body over his one more time. They had fun drying each other with lots of kissing of private parts and then dressed for bed. Jerry made popcorn and let them watch some of the game before it was time for bed. It never occurred to him that they might be too old to sleep in the same bed and he sent them off with a hug for her and a warning that they should get to sleep and not talk all night. They waited until Jerry checked on them and said goodnight before stripping off their PJs and cuddling naked in each other's arms.

Sleep sounded great but Jimmy had a feeling that they might not sleep the whole night. Lying with Cathy in his arms he might find better things to do than sleep. They were exhausted from the lovemaking though. He hoped that he would wake early enough for them to play again before his dad woke up. He decided to set an alarm. Soon after they drifted off to sleep, him with a hand on her breast and her with her hand between his legs.

## **Who needs sleep**

Jimmy probably would have slept all night. He was so warm and peaceful cuddled in Cathy's arms. It had been a wild night of lovemaking in the bath and then pretending to be little kids in front of Jerry when he told them to both sleep in the bed that Cathy was using at the other side of the house from his. Jimmy had drifted off to sleep with a naked Cathy in his arms and he thought he was having a wonderful dream.

He started getting a warm feeling below his waist. At first he thought he was dreaming about their lovemaking and he imagined his dick sliding into her warm vagina. How wonderful it had felt, even better than up her bum. But the feeling was different somehow. There was movement and tickling that he hadn't felt before. Gradually he woke up enough to realize it wasn't a dream. There was a warm wet tongue licking his now growing dick. Cathy had woken up first and decided to play for a while to get him ready for more loving.

Jimmy thought that being inside her was the best feeling in the world but this wasn't that far off. He had never felt anything like this and it felt spectacular. Cathy had slid down in the bed and had his dick in her hand as she licked and kissed up and down the shaft. When she hit the sensitive spot near the top he almost lost it. He started moving a little to let her know he was awake and appreciating everything she was doing. When she opened her mouth and took most of him in he thought he might explode and end this love session too quick. She could sense how close he was and kissed her way up his belly and chest to give him the best good morning kiss he could ever have.

"Good morning" she whispered. "Wanna play?"

That was a silly question. He wanted to play with her perfect body for the rest of his life. He wrapped his arms around her and drove his tongue deep into her waiting mouth. They played tongue tag and kissed long and deep as they both became excited again. He was about to roll her on her back when she surprised him. Cathy pushed him down and climbed on top.

"My turn to be on top" she whispered

This was a new feeling and he loved it. Her naked body covered him like a sexy blanket. She was going to be in control this time and he couldn't wait to see what she had planned. First thing was breakfast. Cathy slid up and fed him a perfect round breast that he eagerly licked and sucked till her nipple was hard. Then she fed him the other one and he gave it the same loving attention. Cathy started letting out soft little moans as he licked and nibbled away and when he was done she slid back for another deep good morning kiss.

Down below, he had become rock hard and she reached down to place him along her slit. It felt soooo good when she started to slide up and down, rubbing him against her clit and getting things nice and slippery down there. It must have been working because she started moving faster and faster, pressing harder and harder onto Jimmy's dick. He grabbed her butt with both hands and helped push her back and forth against him until she suddenly stiffened, bit her lip and let out a quiet "Oh Gawd" as her orgasm hit.

This time she could control the intensity and she pressed her clit into him as the familiar waves of pleasure washed over her. It was so intense that part of her mind screamed to stop while the other part said go for it as she rubbed her super sensitive clit harder on his swelling dick. Each rub sent lightning bolts of pleasure through her and she kept them firing over and over and over until the room was spinning from the pleasure.

"Wow" was all he could think of to say.

"Yeah, wow" she giggled when she came to her senses enough to speak.

Cathy collapsed on Jimmy and he hugged her tight as more and more aftershocks hit her. They kissed and hugged for a long time until she could move again. Jimmy was surprised again when instead of sliding off of him she started to slide up and down again. This time much longer strokes that rubbed the tip of his dick along her slit.

He was pretty sure he knew what she was doing and when his crown slid down to her opening he lifted up a bit and it caught on something hard. Instead of sliding up, it slid down a bit and once again that amazing warm wet velvet feeling surrounded the crown of his dick.

Cathy very carefully and very slowly controlled the movement and pushed down until she took most of the crown inside her. She thought to herself that the feeling gets better each time and once again she stretched to take him inside her young body. When his crown finally passed her tight ring she pressed down and their abdomens touched as she took him fully inside. She held steady and they kissed as both enjoyed the wonderful feeling of being connected again.

“I wish we could stay like this forever “ she whispered as she rubbed her cheek on his.

“When we get married we will do this every morning and every night” he replied, not realizing he had just proposed.

“Sounds wonderful” she purred.

When she started to move it was all he could do to resist pushing up and driving deep into her. This was her show and he waited for her next move. Once again she surprised him as she lifted up with knees bent and sat on him, driving him deeper inside. He felt his dick press the back of her vagina as she ground her clit into his abdomen. Cathy looked down and could see him filling her up.

“I’m stuffed again”

She giggled and leaned in for a quick kiss. Then she started to move.... Oh did she move! She lifted up until he was almost out then crashed down fast and ground her clit into him. Then slowly, agonizingly slowly, she would lift up and crash down again. Each movement sent sparks through him and he wasn't sure how long he could hold out. Up and down she went. Deep inside her he went as she felt him fill her up and touch her most private place at the back of her vagina. Faster and faster she started to move until her small breasts were bouncing and he reached up to hold them.

That touch must have done it because Cathy stiffened, gasped for air, clamped down on his dick with her vagina and hit her second orgasm just as he started to cum. His balls exploded, his dick swelled and hot cum raced from deep inside him up his dick and inside her again. She sat up straight and crushed her clit into him as he pumped stream after stream of cum onto the back of her vagina.

Jimmy shook with pleasure and pressed his hips up, trying to get even deeper inside Cathy. She rocked against him several times then dove down for a deep kiss as he wrapped his arms around her and shot more and more cum into her. They were both trembling and rocking side to side for several minutes as their dual orgasms stimulated each other to take them higher and higher.

Once again the two young lovers lay together, soaked with sweat and love juice and cum and completely surrounded with love for each other. He knew that he would love her forever and that somehow they would spend the rest of their lives together. He said a silent prayer to the Universe that Cathy always talked about to somehow bring them together. They held each other until their breathing returned to normal and he shrank enough to slide out of her.

They drifted off to sleep in each other's arms and put their pjs on when the alarm went off before her dad woke up. They were tempted to shower together but decided that was pushing things too far. She did come into the bedroom after her shower and let him see her naked one more time.

## That's It?

After breakfast it was time for him to go home for a while. The mothers would be gone another day and tonight it would be his dad's turn to watch them. They had no idea if he would be as clueless as her dad and let them be alone together. They couldn't wait to find out.

Cathy headed to Jimmy's house right after breakfast. Her dad didn't have any plans for the morning so he said she could go. He actually did have plans but not ones she could know about. The people he rented the house from had told him about the security system, including the cameras in the bedroom and bathroom. He was given instructions on how to erase the recordings and told that it was illegal to watch anyone without their permission. He figured that didn't apply to his own daughter but Jimmy was a small complication he could deal with later.

Jerry had taken her mother's virginity when she was 13 and he married her when she was 21. He was not upset that his daughter had found the same kind of love and from what he had seen Jimmy was a good, kind boy. He certainly wasn't as innocent as his parents seemed to believe. After downloading all of the recordings from the week to his laptop he erased them all from the system and settled down to watch. An hour later he had a very different impression of his little girl but was still filled with fond memories of he and his wife in their youth. Cathy would definitely need to be on birth control when she started puberty.

Cathy had just finished beating Jimmy at another video game when her dad knocked on the door and Bill let him in.

"Hi Bill." Jerry said as he entered.

"I was wondering if you could spare Jimmy for a few hours. I'd like to take the kids to Plymouth. Cathy only gets a few pages about the pilgrims in school. I'd like her to see Plymouth Rock."

Jimmy started to say something but his dad cut him off laughing.

"Let them see for themselves" he said. "Sure Jimmy can go. He and Cathy have become good friends this week. I'm sure he would like to spend more time with her."

"If you only knew" Jerry thought.

Bill gave them directions for the best route and a place where they could get great seafood for Jerry and kid food for the kids. After getting Jimmy to put on a better looking shirt they were off. The two kids sat in the back of the minivan that Jerry had rented to hold all their luggage. The second seat was a three person bench seat. As they got in each child sat by a window and started to buckle in. Jimmy thought Cathy looked a thousand miles away from him.

“Jimmy?” Jerry said, looking in the mirror.

“Yes sir?”

“I might need you to guide me when we get there. Why don’t you sit in the middle if it’s not too uncomfortable? Cathy doesn’t bite, do you kitten?”

Two things hit Cathy at once. First, he had called her kitten in front of Jimmy. That was his pet name for her and she loved it at home but would Jimmy think it was silly. Second, why was he deliberately trying to get them to sit closer?

“Okay sir.” Jimmy replied softly as he moved to the middle.

“Ouch! I’m not that old. You can call me Jerry or if you have to Mr. Anderson”

Jerry made small talk as the two kids sat so close they could feel the heat from each other’s bodies. They didn’t dare try anything. About half way there Cathy said.

“Dad, can you turn down the AC? It’s really cold back here”

“Sorry kitten, it seems to be stuck. Is the blanket still back there?”

“Yes it’s here” she replied.

“Well you two can bundle up under it for now. I’ll take a look at the control when we get back. Jimmy, don’t do anything I wouldn’t do” he finished laughing loudly.

“Dad!” Cathy screamed with indignation. She didn’t know what he was up to but he didn’t need to embarrass Jimmy.

Jimmy just smiled but as soon as the blanket was covering them he took Cathy’s hand in his. It was just a simple touch of his fingers on hers but it filled him with a warmth and joy he had not known until he had taken Cathy’s hand that first day.

Cathy tried slipping her hand down between his legs but he kept looking at the rear-view mirror to see if Jerry was watching. She finally gave up and just wrapped her arm under his to hold him as close as possible. First stop was Plymouth Rock and the Mayflower. Plymouth Rock is at the base of a huge monument with tall stone columns surrounding a deep pit. Jimmy held back as Cathy and her dad approached the rail, looked down and said what ninety percent of visitors say when they first see it.

“THAT’S IT ???”

Jimmy couldn’t hold it in any longer and burst out laughing.

“That’s it!” He exclaimed

“But it’s tiny” they both said.

Plymouth Rock is maybe a foot by two feet in size sitting in sand at the bottom of a pit surrounded by the massive monument. It has 1620 carved into it but it’s not very big. Most tourists have the same reaction as Cathy and her dad.

After taking some pictures of the famous rock they walked over to the replica of the Mayflower. Cathy and her dad couldn't believe how small the ship was. It didn't look big enough to be able to withstand big ocean waves. They talked about how hard it must have been to be on such a small ship for months on the open ocean. Cathy thanked her dad for bringing them. He took lots of pictures of the two kids posing as sailors and pretending to be on the high seas. Jerry watched closely and was impressed at how Jimmy always looked after Cathy and let her be first.

Lunch was at a place called the Lobster Shack. It was counter service and after trying unsuccessfully to get Jimmy and Cathy to try the variety of seafood he ordered two orders of chicken strips with fries for them and a lobster roll and chowder for himself. They ate on the patio overlooking the harbor and watched the boats coming and going. There was everything from tiny rowboats to million-dollar yachts in the harbor. After a walk around town and stops to buy souvenirs they stopped for ice cream and headed to the car. The sun, food and walking had made for two very tired children. Almost as soon as they were on the road Cathy put her head on Jimmy's shoulder and fell asleep.

When she was sound asleep Jerry looked at Jimmy in the mirror and started quietly talking to him.

“You like Cathy a lot don’t you Jimmy?”

“Yes Mr. Anderson. A lot”

“So, what are your intentions with my daughter?”

Without a second of hesitation Jimmy said.

“I’m going to marry her right after we graduate from college”

Jerry chuckled. Jimmy had it all planned apparently.

“That’s a long way off. Do you think you will stay friends that long?”

“I would wait a million years if I had to” Jimmy replied with a confidence he didn’t know he had.

“I bet you would Jimmy, I bet you would. Your girlfriend looks uncomfortable like that. Why don’t you put your arm around her to make her more comfortable? I’m sure you will be a gentleman back there. I have to watch the road now “

Jimmy just stared at the back of Jerry’s head for a minute then slowly put his arm around his girlfriend and cuddled her close to him. He had just told Jerry that he was going to marry her someday and her dad didn’t object. He checked the mirror then kissed her cheek and gave her a squeeze. It was a very enjoyable ride back to his house. Somewhere rolling down Interstate 495 Jimmy fell into a deep peaceful sleep cuddling his love in his arms.

## **Dad Approves**

When they arrived home Jerry insisted on taking them all out for supper. Bill wasn’t much of a cook so he readily agreed. He only made a minor objection to Jerry paying as a thank you for being their guide.

“Bill, that’s one fine boy you have” he said as Cathy smiled and Jimmy turned red.

“He was the perfect guide and a real gentleman. A girl would be lucky to have him as a boyfriend.“

“Dad!” Moaned Cathy. “You’re embarrassing him”

Joining in the teasing Bill added. “They do make a cute couple. Maybe we will be in-laws someday. Cathy is a beautiful young lady and very responsible. Look at how they took care of those two little kids for Mrs. Williams.”

“Jerry smiled and added “I agree but don’t ask me to root for your Boston sports teams just because we’re related”

Both kids shouted “Dad! Enough “ loud enough to make people in the restaurant turn and look.

“Ha ha. Sorry kids” Jerry finally said when he stopped laughing.

“Hey Bill. The house we’re renting has the pool and a great video game system. Why don’t the kids stay with me again tonight? I don’t mind a bit.”

Bill had been wondering what he was going to do to entertain the two kids and what to do with a girl in the house with just him and Jimmy.

“Actually if you don’t mind I think that’s a good idea. Cathy might not feel comfortable with my wife not there.”

“Then it’s settled. Where can we go for ice cream?”

Jerry paid the bill and Bill bought the ice cream at a local spot. It was getting dark by the time they got home. Jimmy packed some clothes and PJs and headed next door. When he got there he found Cathy and her dad in a video game battle that she was obviously winning. They spent a couple hours playing and at the end of a game they were expecting to be told to go to bed. The AC was on but it was a very warm night.

Jerry surprised them when he suggested a moonlight swim before bed.

“I didn’t bring a swimsuit” Jimmy said.

“Well let’s have a little talk and then I think we can solve that problem.”

Cathy and Jimmy sat in the floor and looked up at her dad in the chair. They didn't expect what came next.

"So, I have a pretty good idea what you two have been up to this week. Jimmy, you don't know it but I met Cathy's mom when she was twelve and things got pretty hot between us pretty quick"

"Dad!" Cathy interjected but he cut her off.

"Let me finish kitten. So I'm pretty sure Jimmy's parents don't know what's been going on and for now it needs to stay like that. I have an idea for something fun you two can do but Jimmy I need you to promise you won't tell anyone. I'm pretty sure your parents wouldn't agree with it. You could get in a lot of trouble if anyone found out what you two have been up to. I hate to put you on the spot but can you promise me that?"

Jimmy was dumbstruck. Jerry was saying he knew they were doing sex stuff and he wasn't planning to kill him or have him arrested.

"Um, sure. I won't tell anyone. I'm pretty sure my parents would kill me if they knew. You're not talking about anything weird are you."

"Ha Ha, no. Nothing weird at all. Just something that Cathy's mom and I did that I still remember. You don't need a swimsuit for skinny dipping. The only weird part is I need to be there for safety because it is a pool. Cathy has seen my wife and I naked lots of times at home so I hope it won't be too weird for you with me in the pool."

Cathy leaped up and hugged her father tight. "Oh daddy you're the best. Jimmy and I love each other and we're getting married someday. I don't care if we live a thousand miles apart right now."

“I’m sure you do love him. I looked at your mom the same way Jimmy looks at you. You two just need to remember it’s technically illegal to do what I’m pretty sure you have been doing. Cathy you need to be very sure you don’t get pregnant and you both need to make sure you don’t get caught.”

Cathy was embarrassed at her father talking about her getting pregnant but she loved how understanding he was. She didn’t know that he and her mom had fucked like rabbits all through their teen years.

When everything was settled Jerry led them to the pool, turned his back to them and dropped his shorts. Jimmy watched somewhat embarrassed as her dad’s naked body slipped under the water. It was still warm out and the moon gave everything a silver glow. Cathy surprised him by lifting his shirt from behind and once it was off he turned to face her. After checking that her dad was looking the other way they undressed each other and stepped into the pool. Once again the cool water on bare skin felt wonderful.

“Pretty nice, huh” Jerry said as he swam near them. “You need to move and feel the water flow over you. It’s one of the best feelings ever and most people never experience it. Don’t think about it as sexy tonight. Just enjoy the feeling of freedom. Kitten, we need to get your mother to do this before we head home. I’m sure she will love it. Maybe we can even get Jimmy’s parents to join us.”

“My parents? No way. They probably don’t even look at each other naked.”

Jerry smiled. “You’d be surprised what parents do when the door is closed.”

“Dad! TMI” moaned Cathy as she climbed up his back and tried to dunk him.

The next hour was a blur of swimming and naked bodies being tossed in the air and lots and lots of touching. At one point Cathy wrapped her legs around her dad, hugged him and said “Thank you for being the best dad in the world.”

He held her with one hand on her back and the other on her bum and thought about how his little girl was growing up too fast. There was nothing sexual in their touch but he envied Jimmy and what he had been experiencing that week. There was no doubt Cathy was a beautiful and sexy girl. Something wasn't right though. Cathy wasn't the type to just throw herself at a strange boy. He didn't know what yet but there must be something he didn't know about them.

When it was time to go in they dried off in the moonlight and carried their clothes and towels inside. Jerry turned to them and said.

"You don't have time for a bath tonight. Why don't you both take a quick shower upstairs to get the chlorine off while I use the one down here. I'll be up to say goodnight when you're done. Don't take too long."

Two very shocked preteens walked up the stairs hand in hand and naked as the day they were born. Jimmy wished everyone could be as cool as Jerry.

## **A Better Sleepover**

Jimmy grabbed his bag on the way upstairs and held the hand of his naked girlfriend as they walked away from her naked father. It was all too much to believe. When they got to the bathroom in the hall there was no need to undress so they turned on the shower and stepped in together. They were pretty sure Jerry expected that. That first kiss under the warm water was exhilarating. Cathy had a way of sliding her breasts side to side that lit a fire in Jimmy. He soaped up his hands and went to work making her front extra slippery. Then he hugged her tight and gave her a long lingering kiss as the two bodies slid over each other.

It's impossible to describe the feeling of two young bodies sliding over each other under a warm shower. Jimmy's dick was immediately hard and when he let his hands slide to Cathy's bum she reached down and guided his dick to between her legs. She knew her dad didn't like long showers so they just enjoyed the closeness and stimulation of roving hands and tongue filled kisses as he slowly pumped his dick between her legs. They were just drying each other off when he knocked on the door and said.

"Hurry up you two. It's getting late."

“Guess he doesn’t mind us showering together” Jimmy whispered, still trying to understand Cathy’s father.

“I think you remind him of himself when he was our age. I’m pretty sure he and my mom did it when she was pretty young“

They dried off and wrapped towels around themselves for the walk past her dad to Cathy’s room at the other side of the house. To be safe they decided to put PJs on before he came to say goodnight. When he opened the door the two of them were in Cathy’s bed with a large gap between them.

“Ha! I bet you don’t stay that far apart once I leave.” He joked.

“Kitten, we need to have a talk. Since Jimmy is involved he can hear this too.”

Cathy cringed. What could her dad be going to say after he let them shower together.

“I know you kitten. You don’t jump into things without thinking. Jimmy is a nice guy but it doesn’t add up that you would get this involved in just a couple days. I promise I won’t be mad. What’s going on?”

“You’re right daddy. Please don’t be mad. I met Jimmy on the internet three months ago. I was very careful to make sure he was real and not some perv trying to talk to girls. I know how to be safe.”

Jerry was quiet for a couple minutes. When he finally took a breath he said.

“Okay, I wish you had told us and I’m glad you were safe. That doesn’t explain how you know this Jimmy who lives next to the house we rented. We just picked a house off a rental app. There is no way you could have steered us to this house.”

“That’s just it dad. It was fate. Of all the houses you could have rented you picked this one. The Universe wanted me to be with Jimmy. Can’t you see that.”

“Wait till your mother hears this. She has always said the Universe brought me to her. Guess we can’t argue with the Universe.”

Jerry continued.

“I’m going to say this again though. It’s not enough for your mother and me to give you permission. If anyone finds out what you two are doing we will all be in big trouble. You both could be arrested for sending child porn through the internet. I’m assuming you sent pics during the three months. Jimmy could be charged with statutory rape. That’s when a man or boy has sex with an underage girl even if she is willing. And finally your mom and me would be charged with child neglect and you would be put in a foster home. So keep it in our family. I don’t know how to gauge Jimmy’s parents so I’m afraid you can’t tell them for at least a couple years.”

Cathy spoke first. “We know that and we know that we only have another week together before I have to go home so we want to be together as much as possible until then.” I hope we can come back here every vacation though until I’m old enough to come alone.”

“Yeah, I might have some information about that but it will have to wait until Wednesday night.”

“What kind of information?” Cathy asked.

“Ask me Wednesday night. That’s all I can say. Now goodnight you two. I expect that you have some cuddling to do before you go to sleep but don’t stay up all night. Tomorrow is another day. I will see you in the morning”

With that he kissed his daughter on the forehead and left the room, closing the door behind him.

Jerry was right. Jimmy and Cathy didn't go right to sleep. The cuddling started with both of them stripping off their PJs and continued with Jimmy lying between her legs and sliding his stiff member as far in her vagina as it could go. It was a quiet sensual lovemaking with Jimmy taking deep deliberate strokes out until he almost slipped out of her then gradually sinking into her waiting vagina until he pressed his abdomen to hers, reaching for that extra millimeter she wanted so badly.

Cathy was in ecstasy. Her dad had given his approval for Jimmy not just to be a boyfriend but to make love to her like he was doing now. Jimmy was pouring his love into her with every stroke. He wasn't rushing or trying to make either of them cum quickly. He was saying "I love you" with each penetration and the emotions he generated made Cathy tremble. The Universe had done good. It had brought her the love of her life and joined him to her in the most intimate way.

Jimmy was overwhelmed with emotion. Jerry had given his permission and even his blessing for them to do what they were doing now. Jimmy didn't know much about the Universe stuff but he had a strange feeling that things were going to work out and he wouldn't have to wait years for them to be together. With each stroke into Cathy's pussy he felt her love caressing his dick. With each withdrawal he felt her need for him to come back, to be inside her again. When he felt her body tremble under him he leaned down to kiss her soft lips and started to increase the pace. Each stroke was still slow and loving but the turnaround between strokes became shorter and he pressed a little harder each time their abdomens touched.

Cathy instinctively felt the change and wrapped her legs around him, pressing her heels to his bum. She opened herself up wide, letting her lover go deeper to reach that itch that he was so good at scratching. Nothing was said. The kisses pressed a little harder. Jimmy pressed into her a little faster and her hands held his butt a little tighter. They continued their love dance for several more minutes, gradually increasing the tension, winding the world's biggest spring. When it was released it would send them both to the stratosphere but until then they enjoyed every second of the tension. Every twitch of pleasure along his dick sent him higher. Every touch of his dick at the back of her vagina brought her along. He was never aware that by the end he was slapping his body against hers in an all out quest for their massive joint orgasms.

"Oh Jimmy!" She managed to say before the sensations took away her ability to speak"

“Oh God I love you” he managed to say before he was sent on his own sensual rocket ship.

They couldn’t say who started first. It was probably as close to a simultaneous orgasm as you could get. Jimmy felt his whole lower body tighten as he felt Cathy’s vagina clamp down on his dick and her arms pull him into a crushing hug. By the time the first shot of cum spilled through her cervix she had felt the explosion of pleasure that would soon overload her senses. They kissed as he pressed his body as tight as he could onto hers. She pressed up, begging him to go deeper, shoot more hot cum into her waiting pussy.

Animalistic feelings had taken over and she grit her teeth and growled as the extreme sensations bombarded her body. Her clit was firing blast after blast of pleasure throughout her body. Her pussy milked Jimmy’s dick, trying to get more of his cum into it. Jimmy’s eyes squeezed shut at the first blast and it was the third blast before he could will them open. He turned his head and placed it on her shoulder to get more of her body in contact with his. His hips were on autopilot making short thrusts to keep the sensations going without his dick leaving the warm sheath it was filling with cum.

If anyone had counted he probably send fifteen spurts of cum into Cathy. The first few were floods filling her canal and pushing through her cervix to her thankfully non-fertile womb. If Cathy had sent an egg Jimmy had provided more than enough sperm to fertilize it. Luckily she still hadn’t had her first ovulation. The two young lovers held each other tight through too many aftershocks to count. His would trigger hers which would trigger another of his. They spent at least another thirty minutes after he slipped out of her laying side by side while a large wad of tissues absorbed the fluids leaking out of her. She finally decided to put on a pair of panties to protect the sheets and the two lovers drifted off to sleep in each other’s arms. Long before that Jerry had filled his own wad of tissues watching the two lovers on his laptop connected to the security cameras. After downloading the files and deleting them from the system he rolled over and drifted into his own deep sleep. He would have a lot to tell his wife in the morning. The “special” swimming hole in New Hampshire that they had read about might be a possibility after all.

## **The Moms Return**

Saturday morning for Cathy and Jimmy was much different than Friday morning. They didn’t need to set an alarm to get dressed before her dad woke up. They were able to enjoy a refreshing morning shower together but in the regular bathroom instead of the master bath. They both woke up needing to pee and when the race to the bathroom ended in a tie Cathy pulled Jimmy inside and closed the bathroom door.

“You’ve seen everything else. You might as well watch me pee” she said as she sat on the toilet.

Jimmy was embarrassed but curious. He stood in front of her and when he couldn’t see clearly he knelt down and pushed her legs apart.

“Okay but you might get sprayed that way” she laughed.

It was hard to get started with Jimmy staring at her pussy but eventually she sighed and let go with a forceful stream. Jimmy tried to see exactly where the pee came from but he only found out that it came from the top of her slit and not near her hole. He stared at the red, pink and coral colored flesh as she finished and spread herself open for him.

Then it was his turn and that was a problem. His dick had gotten hard and that shuts off the flow. It wasn’t easy to get it to relax when he was staring at a naked eleven-and-a-half-year-old beautiful girl. He finally got her to stand behind him and relaxed enough to start. It didn’t help that Cathy reached around and said.

“I want to hold it!” as he started.

She played with the stream like a firehose and they ended up having to clean the toilet from her “misses”. Once both bladders were empty they started the shower and stepped in. Jimmy wasn’t sure how he was ever going to take a shower without Cathy there touching and kissing and rubbing him. They did the soap the bodies and slide game then she reminded him that her dad didn’t like people taking long showers so they rinsed off and stepped out. They were attempting to dry each other while continuously kissing when Jerry knocked on the door and said.

“Bacon is on. First waffle goes on in five minutes. Mary may be home soon so you better look presentable in case Jimmy’s mom stops in to retrieve him.

Jimmy had jumped at the first knock and his heart was still pounding from the shock. He was standing with Mr. Anderson's daughter, both of them naked and all Jerry said was breakfast was almost ready.

Breakfast was quiet. Jerry had tried to break the ice but both kids felt very awkward in front of him. Cathy and Jimmy were loading the dishwasher when both mothers burst through the front door laughing and talking a mile a minute about what a wonderful experience it had been. The two mothers traded stories of deep tissue massages and gentle yoga sessions and delicious but healthy food. Susan was embarrassed when Mary talked about the women only areas where everyone was naked and they had hot tubs and relaxation pools.

“You got naked in front of a bunch of strangers?” Jimmy asked before he realized his inappropriate it was to ask.

“Your mother has a hot body!” Mary added. She had a great time in those areas of the spa once the shock wore off.”

Turning to Susan she said.

“We’ll make a nudist out of you yet. Once you try it you won’t go back”

“Mary stop! Not in front of the children! “Susan protested.

“Well I’m glad you ladies had such a good time. Susan, you have a perfect gentleman for a son. We have had a great time while you were gone. He made an excellent guide for our trip to Plymouth.”

Susan looked at Jimmy. “They went to Plymouth Rock? What did they say when they saw it”?

Jimmy laughed. “The same thing everyone says”

Jimmy, Cathy and Jerry all chimed in together. "That's It?" And burst out laughing.

"Why don't you kids find something to do while I catch up with Mary. I'm sure Susan wants to fill in Bill on all the activities. Just don't go in the pool without an adult to supervise.

Cathy might have suspected but Jimmy didn't have a clue that for Jerry the catching up meant driving his long thick dick inside his wife's pussy until she screamed for mercy from the multiple orgasms he planned to give her. Over at Jimmy's house they would probably just talk because Jimmy might walk in.

After Jerry had deposited a substantial amount of fresh cum into his wife's vagina he cuddled her and said.

"We need to talk about Cathy and Jimmy. You won't believe what I found out."

Mary had a mixture of shock and anger and wonder as she found out that Cathy and Jimmy had been talking for months and that it was pure impossible chance that brought them together. When he talked about the Universe she was sold.

"That's the most beautiful thing I've ever heard." She said with tears in her eyes. Her baby girl had found love in a very young age the same way she had. "So have they been sneaking off to make out?" She finally asked.

"Well, a little more than that. She IS your daughter after all"

The next half hour was spent with Jerry explaining to his wife how he had let them sleep together and skinny dip with him and that the two kids had probably had sex several times that weekend.

“Jerry! What about his parents? They could make a lot of trouble.”

“I know and Jimmy has promised to keep the secret for now. You know we couldn’t keep them apart. The Universe has spoken after all. I have an idea for later in the week that may loosen them up a little. Remember, I have that appointment on Wednesday. Maybe the universe will speak again and solve all our problems.”

Mary shrugged and kissed her husband. It was hard to disagree with his logic when she had done the same thing when she was just a little older than Cathy. Kids mature faster now so it made sense Cathy would start earlier. The rest of the day was uneventful and when Jerry asked if Jimmy could come with them on a day trip on Sunday they said he couldn’t on Sunday because of church and could they make it Monday. They said sure and did some sightseeing without Jimmy on Sunday.

## **Diana’s Bath**

Monday morning Jimmy went next door wearing a swimsuit and carrying a backpack with a change of clothes and sunscreen. Jerry had told his parents that they were going to Diana’s Bath near Concord New Hampshire. Susan and Bill had heard of it and thought it was a great idea. It was a well-known swimming area with lots of restaurants, shops and ice cream stands in the surrounding area.

The ride up was as fun as any hour and a half ride with two adults could be. The parents avoided the subject of what happened on the weekend and the kids didn’t try to make out in the back seat. They arrived about 10 AM and after parking the car and getting their gear, Jerry led the way up a well-worn path up a hill. They could hear rushing water and soon could see people wading and sitting in a stream off to the left. The stream had lots of small waterfalls and large flat areas that caught the flowing water. The rocks had been worn smooth by hundreds of years of swirling water and many of the round pools were as smooth as a bath tub.

Jimmy started saying “That looks like a nice spot “ and “Look at all the people there” but Jerry kept leading them higher and higher. When they were well past the last group of people Jerry stopped so that everyone could have a break and looked around. He hadn’t told Cathy and Jimmy but he had read about a special section of the river that was very secluded and frequented by the local nudists.

A couple hundred yards up the trail he found it. The picture of a sun carved into a huge tree. The online forum had said there was a hidden path just up the trail from

the tree. He found it quickly and led the others past a large bush, between some big rocks and down to the river. It was paradise. There was no sound other than the rushing water and a few birds. The section of the river was in two levels and each level had a large rock bowl carved by the water over the centuries. The water in the bowls was about three feet deep. Just enough to cool you if you sat down. The entrance to each level included small waterfalls that the river spilled over on its way down the hill.

“Why don’t you kids take the upper level. Don’t go any farther up and don’t leave the river.” Jerry said as he and Mary put down their packs.

“It’s pretty shady so you shouldn’t need sunscreen.”

“Oh, I almost forgot. This is a clothing optional spot as long as you don’t make too much noise. The rangers have an unwritten agreement to not check here unless someone complains.”

Jimmy watched in disbelief as first Jerry and then Mary stripped off their clothes and waded in the water. He was jolted out of his trance by Cathy pulling him up to the upper level.

“You have the most awesome parents in the world” He said as he watched Cathy peel off her swimsuit.

His soon followed and both suits were placed where they could get them quickly if anyone came. Jimmy kept looking in the direction of the trail and wondering how safe it was to be naked outside in another state.

“Ooooo, it’s cold at first” said Cathy as she waded to the deepest part and sat down.

Jimmy followed her lead and felt his semi hard dick shrink when the cool mountain stream water surrounded it. He sat next to Cathy and pulled her in for a soft kiss.

“This is so awesome” he whispered. “My parents would never do this.”

“Yea, I guess my parents are pretty cool. The people back home are not like them at all. Everyone is strict and grumpy all the time. I wish I lived here.”

“I wish you lived here too. I’m gonna die when you have to leave”

“Don’t you dare die. We’re getting married someday.”

Jimmy smiled and kissed her again. It was a little awkward sitting in the middle so they found a smooth rock to lean on and continued their kissing with some mild touching thrown in for fun. Jimmy wasn’t sure how far he could go in such a public place. He wanted desperately to feel his dick inside Cathy’s pussy again. Just kissing her had made it come to full attention.

“What do you think your parents are doing?” He finally asked.

“I’m pretty sure they are doing this...”

As she said it she moved in front of Jimmy and sat in his lap with her knees on either side of his hips. Her breasts were right in front of him and his dick was caught between their bellies.

“Mmmm. Are you thinking of being naughty right out here in the open?”

Cathy answered by reaching down and stroking his dick. Jimmy leaned in and sucked a nipple into his mouth. The water had made her skin cool and he warmed it with his tongue as she played with his dick.

“Is this naughty?” She asked as she fed him her other breast and ground herself into his dick.

“Mmmmm, maybe”

“How about this?” She asked as she lifted up and pressed his dick to her hole.

“Oh god yes” he answered as his dick slid into her hot vagina.

“You are a naughty girl and I love it” he said before gathering her in and kissing her passionately.

Cathy sat on his dick for several minutes enjoying the feeling of her love being inside her. She listened to the birds and the rushing water and felt him twitch as he kissed her and caressed her body. She would have to find a way to thank her parents for understanding that this is where she belonged, impaled on Jimmy’s dick and held in his arms. Some noise from down below told her that her parents were enjoying something similar and that maybe they needed to finish before it was time to go. All it took was one lifting up and sitting down to give Jimmy the message.

“Could we try something different?” She asked after grinding on his dick to get his attention.

“Anything” he answered immediately.

“I want you to go in from the back. I think you could go faster if we do it that way. I see a rock over there I could lean on.”

Cathy lifted up and instantly caused a longing in Jimmy to be back inside her. She moved to a place where the water was streaming over a rock in a thin film. When she knelt in front of it and leaned over, the water flowed around and between her breasts

and splashed on her pussy before hitting the pool. It was a sexy feeling even before Jimmy stood behind her and slid his dick back where it belonged, deep in her pussy.

She had picked a perfect spot because Jimmy found he could move in and out of her with minimal effort. He put his hands on her hips and started pulling himself into her and pushing back. The first few strokes were slow and tentative but then he found how good it felt to go faster.

“Oh Jimmy, that’s so good. Keep going, please keep going”

“This is so good. Why didn’t we think of this earlier?” He said as he started slapping his body against hers.

Cathy was beyond the ability to answer. Her mind was being scrambled again by all the sensations hitting it. Foremost of course was her pussy screaming about the pleasure signals from Jimmy’s dick entering and leaving. Her breasts were sensing the cool water making her nipples hard. Even the trickle of water hitting his dick and being pushed inside was a stimulation.

Jimmy didn’t bother to ask again. He was thinking this was as fast as he usually jerked off but Cathy’s pussy felt so much better than his hand. He knew the end was coming and he tried to absorb all the feelings before he exploded. Cathy felt so good. His body pushed him to go faster, go deeper, build that climax one thrust a time. Like a person blowing up a balloon until it popped every stroke brought him closer to the explosion. Every bump of his abdomen to her bare bum. Every splash of cool water on his fire hot dick brought him a step higher. When he reached the top he felt his whole body tense and he exploded with a surge of cum that Cathy felt instantly.

Jimmy pulled back once and then slammed hard into her and held himself tight to her body. Each time his dick would surge with cum he would bend his knees a little and press a little harder into her, trying to reach as far into her body as possible. Before completing losing control of his muscles he reached around her and found her clit under the flowing water. It only took one touch to send Cathy skyrocketing into space.

“Mmmmmmmmmmmmm, yes, yes, yes. Oh Jimmy yes”

Cathy tried to not scream as her orgasm crashed in. Jimmy had never done it so fast. She imagined this is what people would call fucking. Feeling him go faster and faster, rubbing her sensitive parts harder and harder until they both exploded. She liked the slow romantic sex but she definitely liked this fucking just as much. Jimmy was like an animal finding a mate in heat. She was the one in heat looking for a male to mate with her and Jimmy was her chosen one.

They both trembled through their orgasms. Jimmy collapsed on her back but stayed fully inside her. Cathy had multiple aftershocks as she felt Jimmy twitch in her and he held her tight. When he had deposited every drop of cum into her he slowly sat down pulling her with him. The two lovers sat there cuddling with the water flowing over them until he finally slipped out of her. When they crawled over to the edge and peeked over they saw Cathy's parents, still naked, cuddling on the grass by the stream.

“Bout time you two showed up “ Jerry said when he saw them. “Get your swimsuits wet and come down. We need to go soon. It's a long drive back.

Jimmy thought it was really smart for him to bring home a wet bathing suit. He and Cathy made their way down to the lower level and they all dressed with no embarrassment. Jimmy wished everyone could live like this. He and Cathy would definitely be nudists as much as the New England weather would let them. He tried to not think about her leaving in a few days.

When they returned Jimmy told his parents all about the river and the people swimming in the lower pools. He conveniently left out the parts about the hidden upper area and what they had done. He tried to arrange another “sleepover” but his mother insisted that he had bothered Cathy's parents enough and she made it clear that if Cathy slept over she would sleep in the spare bedroom. Jimmy didn't want to take a chance on getting caught sneaking into Cathy's bed so he gave in.

## **Birthday Party**

When Jimmy came down for breakfast Tuesday morning the first thing his mother said was.

“Don't forget you have Cynthia's birthday party today.”

Jimmy groaned.

“Aw mom! Do I have to go to her stupid party? You know how she is. Last year she had all those stupid kissing games and her other friends all have boyfriends. They always tease me. I want to do stuff with Cathy before she goes home.”

“Yes you have to go. What would I say to Mrs. Van Buren? You know her family practically runs this town. And besides this year you have a secret weapon you didn’t have before.”

“What secret weapon?” Jimmy asked as he shoveled cereal into his mouth. He wanted to see Cathy again that day.

Susan smiled and said one word that made Jimmy sit up and pay attention.

“Cathy”

She continued. “If you have the right girl by your side there is nothing that the two of you can’t handle. Even stuck-up privileged girls like Cynthia and if you repeat that you’re grounded for a year.”

Jimmy thought about it as he finished his breakfast then gave his mother a big hug.

“What was that for?” She asked.

“For being the best mom in the world. Do you think it will be okay for me to bring Cathy? She won’t have a present.”

“I’ve already cleared it with Cynthia’s mother and you can add her name on the card. Goodness knows we spent enough on her present for two people”

Jimmy said thanks again and headed next door to tell Cathy. He hoped she didn’t have to go anywhere with her parents. Cathy’s mother said they didn’t and insisted on putting money in a card for her to bring. The party wasn’t until two so they spent some time at the pool and generally relaxing. Jimmy filled Cathy in on last year’s party and how miserable Cynthia had made him feel.

“She sounds like a piece of work.” Said Cathy as they floated in each other’s arms.

The pool could be seen from upstairs at Jimmy’s house in the daytime so they had to behave. It didn’t stop her from occasionally grabbing his dick under the water.

“She is.” Jimmy replied. “She thinks her family owns the town just because her great great grandparents founded it.”

“Well she hasn’t met me yet. I think it might be fun.”

Jimmy didn’t think anything about Cynthia’s parties was fun but having Cathy there would definitely help. He was hoping they could sneak out later and meet at the pool again.

The Van Buren home was huge. It sat on the biggest lot in town and had a custom in the ground pool with a waterfall and hot tub. There was a rented bounce house and horseback rides. Jimmy was surprised they didn’t rent an entire carnival.

The cake was a masterpiece of decorating although most of the children thought it tasted like cardboard. There were lawn games and expensive favors for all of the guests. Cynthia strolled around like a Queen with her court. She had two close friends who always backed her up when she bullied younger kids.

“Wow, they must really be rich” Cathy whispered to him when she looked at her party favor. It was an expensive leather purse from a famous brand. Jimmy had received a leather wallet from a similar men’s store.

“Yea, rich and stuck up. She thinks she knows everything.”

“We’ll see” smiled Cathy. “We’ll see.”

The party started to wind down and when there was only Cynthia, her friend Julia, Jimmy and Cathy she said.

“Let’s go down to the family room and play some games. Unless you’re still a baby Jimmy. Do you need your bottle?”

“Lead the way” countered Cathy immediately as she stepped in front of Jimmy.

“Oooo. Your girlfriend think she’s brave? Bet she goes home crying too.”

They all went into the house and down to a huge family room. It had a stone fireplace taking up the middle of the room with a big screen tv above it. There were controllers for all the latest game systems and a bar in the corner for the adults. Cynthia passed around sodas and they all sat in front of the fireplace.

“So what are we playing?” Asked Cathy as she snuggled up to Jimmy and put his arm around her back.

“How about Seven minutes in Heaven” smirked Cynthia.

“That baby game? I don’t need to go in a closet to kiss my boyfriend”

With that she turned to face Jimmy and gave him a passionate kiss as he hugged her and squeezed her bum.

“So what do you play back home miss smarty?”

“Truth or dare to start but I can think of some much better games for three girls and one boy.” Cathy countered. Jimmy wondered what she was getting him into.

“Truth or dare” Cynthia said looking straight at Cathy.

“Truth”

“Have you seen Jimmy’s dick yet“

“Yes and it’s really nice” Cathy said smiling. Jimmy turned a new shade of red.

“Wait a minute”. Jimmy said quickly. “No asking if anyone has had sex. That’s private”

“Geeze that was my next question” complained Julia.

“Truth or dare Cathy”. It was clear Julia and Cynthia would gang up on the new girl.

“Dare” said Cathy definitely

Jimmy gulped and prepared for the worse.

“Give Jimmy a two-minute tongue kiss. We have to see the tongues for it to count.

Cathy moved over and straddled Jimmy, sitting on his lap as he sat with his legs outstretched. They both stuck out their tongues and touched them before their lips met. It was a very passionate kiss as tongues were exchanged and lips sucked and Jimmy kept both hands-on Cathy’s butt.

“Okay, okay.” Said Cynthia when the timer went off.

“Truth or dare”

“Wait a minute. It’s Cathy’s turn then mine” objected Jimmy after Cynthia tried to sneak in a turn.

“Dare or dare” said Cathy while sending dagger eyes to Cynthia.

“Oh, little girl thinks I can’t take it” she sneered. What’s the dare?

“Give Julia the same kiss I gave Jimmy. Two minutes on her lap with her hands on your bum.”

“I’m no lesbo” Cynthia countered.

“Then you’re out of the game. Jimmy you’re up”

Cynthia was so shocked at Cathy’s statement she couldn’t think of a response and folded her arms with a “hrump!”

Jimmy sat there smiling. Cathy had just kicked Cynthia out of her own game. Finally he thought of a great dare.

“Julia, give Cathy the same kiss. Sit in her lap and let her hold your butt, or is the game over?”

Julia saw a chance to finally get one over Cynthia and she had actually thought the way Cathy kissed was very hot. She stood up and sat in Cathy’s lap. Cynthia was fuming but held her tongue. Jimmy’s gamble paid off. Instead of being grossed out Cathy was loving this game and the way Cynthia was being beaten. She held out her arms and pulled Julia in when she sat down. Cathy’s tongue was much farther out than Julia’s but the two tongues did touch before the lips and by thirty seconds into the two minutes Julia had forgotten about everyone in the room and was enjoying a very passionate kiss and bum massage from Cathy. It wouldn’t be her last girl kiss.

Cynthia was looking for a way to gain control so she asked Cathy what the other game was.

“It depends. Will anyone come down here while we play? It’s a very naughty game.”

“Are you kidding. My mom left as soon as the party was over. There’s no one home but us.”

“Okay then. What we do is blindfold Jimmy and do stuff and he has to guess who is doing it. The stuff gets naughtier and people drop out until there is only one left. Are you in?”

Cynthia didn’t like the way Cathy was in control but she was always up for a challenge.

“Okay, first get something to blindfold Jimmy”. While Cynthia went to get a scarf Cathy leaned in to Jimmy and said.

“Don’t worry. You’re gonna love this game.”

“I hope so” he sighed as Cynthia brought back an expensive looking silk scarf.

“Don’t get it dirty. It’s from Italy” she said as she tied it over his eyes.

“Of course it is “ thought Cathy.

“So what’s the first challenge.”

“Jimmy gets to suck a boob from each of us and after the third one he has to tell who each one was.”

Cynthia’s response was immediate. “What! He’s not putting his mouth on my breast.”

“Guess you are out already then.” Cathy smirked.

“No way. If that’s the game I’m in but he will be able to tell mine. I’m the only one with actual boobs here.”

Julia scowled at her and said “I have boobs”

Cathy asked for some dice from a game and took one. She assigned two of the six numbers to each of them and threw the die. Cynthia was up first. She defiantly lifted

her shirt and expensive looking bra to reveal breasts about twice the size of Cathy's. Stepping over Jimmy she knelt down and fed him a breast. Jimmy knew from her expensive perfume that it was Cynthia but he enjoyed licking her and sucking her nipple until it was hard. Cynthia tried to block out the nice feelings she was getting.

Next up was Cathy. She lifted her shirt revealing that she was braless and assumed the same position as Cynthia. She wanted to see if he could tell it was her.

Jimmy felt the soft tissue hit his lips and he was pretty sure it was Cathy. After all, he had licked and sucked those breasts for a week and a half. He got her nipple nice and firm before leaning back and letting Cathy get up.

Next up was Julia whose breasts were not quite as round as Cathy's. Jimmy took extra time licking and sucking while trying to make sure it wasn't Cathy. Cynthia finally got impatient and said.

“That’s enough. He’s having too much fun.”

“He’s not the only one.” Giggled Julia as she adjusted her training bra. She really didn’t need one but her parents insisted that proper ladies always wore one.

Cathy laughed with her and said.

“Okay Jimmy, who was who.”

“Mmmmm, let me see. I think Cynthia first, then Cathy then Julia.

“Good job Jimmy. Ready for the next challenge?” Added Cathy. She was really going to push Cynthia now.

“Bring it!” Growled Cynthia. She was getting angry at the way. Cathy was controlling the afternoon.

“Okay for the next challenge he licks our pussys for thirty seconds. Hope you all wash down there.”

“What the fuck? Is this a challenge or just a good time for your boyfriend?” Shouted Cynthia.

“What’s the matter? You afraid to let a couple girls see your pussy? The challenge is will you do it more than can he tell who is who.”

Cathy was in full protective mode and she was determined to meet Cynthia head on and give Jimmy some fun too.

“Fine! Growled Cynthia. Julia are you in?”

“I’m in but you can’t tell anyone about this, ever!”

“Okay, shorts and panties off. He has to have clear access.”

They didn’t like it but Cynthia and Julia stripped off their clothes and waited for Cathy to throw the die. Julia was up first. She had done some wild things with Cynthia but nothing this wild. She was hoping she had wiped good the last time she had peed and was wishing she could wash down there. No one had ever licked her pussy. In fact no one had ever touched it other than her parents when she was a baby. No boy had ever seen it.

“Jimmy, keep your hands behind you. No fair feeling bodies.” Cathy added as Julia stepped over him. It was awkward since he couldn’t guide her to his mouth. He inhaled a faint musky smell with a hint of urine. At the first touch of his tongue he hit a strong sting of urine but it was quickly replaced by her sweet girly juices. Julia

had been getting horny since the game began and when she felt Jimmy's tongue lick her clit she grabbed his head to keep him on target. He tasted her juices and pressed his tongue in her hole then dragged it up and over her clit.

“Time” Cynthia practically bellowed as the time ran out.

Cathy was second and as she guided her pussy to his mouth she thought about how she was going to miss his touch when she had to go home. Her thoughts were interrupted by the great feelings he was giving her and she almost moaned when Cynthia said “time” again.

Last up was Cynthia. She was a little older and a little more developed. Jimmy winced at the strong smell coming from her pussy. Not only was her scent stronger but there was a lot more urine residue. He tried to avoid most of it by concentrating on her clit. Cynthia tried her hardest to resist any emotion but she had to admit to herself he was very good at pussy licking. She might try to get him to do it again once his annoying girlfriend went back home. That was until he pulled back, spit and said.

“God Cynthia don’t you wipe when you pee? It was Julia, Cathy and Cynthia this time. Can I have some soda to wash down Cynthia’s pee taste.

“Yes I wipe and this game is over!” She said as she stormed off to get the soda.

Julia was rolling in the floor laughing and Jimmy had taken off the blindfold and was staring at two beautiful bare pussies.

“Nobody talks to her like that.” Julia said, not remembering that she was naked from the waist down. “Jimmy you can lick my pussy anytime. God it felt good.”

“Hey! The only pussy he’s licking is mine.” Cathy chimed in but Julia could tell she wasn’t mad.

“Sorry Jimmy. The next challenge was to suck your dick.”

“That’s okay. Cynthia might have bitten it off”

They all had another laugh and Julia asked

“So you two have done a lot. That’s so cool. I won’t ask the big question. I think I already know.”

“That’s private.” Jimmy said.

Julia looked at Cathy”. It’s too bad the game is over. I bet you and me could have lots of fun”

“I’m up for one more dare if you are” Cathy said looking at Julia and then Jimmy. Just not one with you and Jimmy doing stuff.”

Julia hesitated, took in a deep breath and said. “Dare you to lick my pussy for a full minute. Your boyfriend already cleaned it for you.”

“I will if you do mine at the same time.” Cathy responded defiantly.

Jimmy’s eyes got as big as saucers as Cathy lay down and Julia positioned herself over her. Cathy went to work right away pressing her tongue in Julia’s hole and licking her clit. She was hoping Jimmy wouldn’t mind. Julia took a few seconds to get started as the waves of good feelings flowed out from the feel of Cathy’s tongue. She tentatively licked Cathy’s outer lips before pressing in and tasting Cathy’s girl juices. There must be a hidden drug in young girl secretions because once she tasted them she forgot about everything except getting more of them and enjoying the feeling of Cathy’s silky vaginal lips on her tongue.

The extreme naughtiness of being licked by a girl coupled with Cathy's expert treatment of Julia's sensitive parts send her over the edge in seconds. She ground her pussy into Cathy's mouth moaned into Cathy's. The moan vibrated Cathy's clit and gave her a mini orgasm. When she felt Julia start she held her bare butt with both hands and pulled Julia tighter to her face. She was still trembling when Cynthia walked in holding Jimmy's soda and almost dropped it.

“What the fuck is going on here?” She asked.

Julia rolled off of Cathy and smiled up at Cynthia with Cathy's juices dripping down her face.

“Just having a little girl to girl fun Cynth. You should try it sometime, after you wash your pussy of course.

Julia, Cathy and Jimmy rolled in the floor laughing as Cynthia fumed. She was about to kick them all out when she thought of something and said.

“Jimmy got to see all of us but we didn't get to see him”

“That's right. Let's get him girls.” Replied Cathy to Jimmy's amazement.

In a flash three girls were giggling and pulling at his shorts and underwear. Cynthia and Julia gasped as his rock-hard dick sprang to attention after being released from his underwear. He leaned back on his elbows and let them look.

“Final dare” said Cynthia. “Blow him.”

“Cathy said “okay” as casually as can be and leaned over him. She hadn't put her clothes on and her bare bum wiggled at the two girls. They gasped when she opened her mouth and took him all in, touching her lips to his abdomen.

“Easy Cathy. It won’t take much for me to cum.”

“Go for it!” She said and she started licking and sucking and rubbing him with her hand.

The two girls moved on either side of him and watched as he started to groan and hump his hips up as she sucked him. When he said “I’m cuming!” Cathy lifted her head to let the girls see him spurt. After the first big one she shocked them even more by covering his cum coated dick with her mouth and taking in the rest of his spurts. Julia thought it was the hottest thing she had ever seen and Cynthia let her hand drift to her pussy and rub it as she watched. She was glad this Cathy person was going back home soon. She could be a real challenge to Cynthia’s dominance in the town.

Cathy cleaned him up good and then sat back to put her clothes on. No one said anything while Jimmy got dressed. When he was done he said.

“I think we need to go. Nice party Cynthia.”

“Yes. Nice party. Thanks for the awesome purse “ added Cathy as she and Jimmy stood up.

They were around the corner and on to the next block when Jimmy picked Cathy up and spun her around.

“That was so amazing. No one ever showed up Cynthia like that. I love you so much!” Jimmy said as he put her down.

“Just don’t go licking other pussies while I’m gone.” She laughed.

“Look who’s talking. You and Julia sure had fun. Don’t remind me that you’re going. What are we gonna do? We can’t wait years to be together. We need the Universe again”

They walked the rest of the way to Jimmy’s house quietly holding hands. Meanwhile the Universe was making plans.

## Pool Party

When Jimmy and Cathy arrived home Susan was in the phone with Mary.

“Okay, what time should we come? Seven? We’ll be there and thanks.”

Turning to Cathy she said. “Your parents invited us all to a swim party after supper. It’s supposed to be warm tonight”

“Cool” replied Jimmy as he headed to their back yard.

“Wait!” Susan said before he left. “How was the birthday party”

“Mom, you were so right. Having Cathy there changed everything. It was an awesome party.”

“I’m glad you had fun” she said, winking at Cathy.

When Jimmy and his parents arrived for the pool party Jerry had made frozen margaritas for the adults and virgin versions for the kids. He was careful to keep the kids away from the real ones. Jerry started out with fairly mild drinks with lots of sugar to make them go down easy. They decided to light the fire pit near the pool and let the kids go inside to play video games until the sun went down while they had another round of margaritas. The second batch was much stronger and Susan Miller joked that he was trying to get her drunk. Actually that was exactly what he was doing and it was working. When he mixed the third even stronger batch of the sweet tangy mixture he and Mary started saying things like “you only live once” and “eat, drink and be merry”. Corny but effective. Bill Miller was feeling pretty good as he sipped his third margarita and he started asking about the spa weekend. The sun had gone down and it was getting darker by the minute.

“Oh, didn’t you hear Bill? The ladies all went skinny dipping”

“Really? Susan would never do that. She’s too much of a prude.” Bill would regret saying that in the morning but at that moment he was thinking about naked women splashing in a pool and it sounded really good to him.

“What do you mean I wouldn’t do that. I most certainly would and did. Cathy said I had one of the hottest bodies in the spa!”

“I don’t believe it. You would chicken out.”

“Bill, I would not!” Susan was getting mad at being labeled a prude. She had liked the feeling of water on her naked body and even got a thrill out of the other women seeing her.

“Then prove it! Let’s all skinny dip right here, right now! Put up or shut up”. Bill was on a roll and he looked straight at his wife.

“What about the children! They might see us” Susan was looking for any excuse. Mary, help me out here.”

“Actually Susan, Jerry and I love skinny dipping and we’ve included Cathy at times. It’s all very wholesome and not a bit sexual. It’s good for Cathy’s self-esteem to not be ashamed of her body”

Bill sat back in his chair and started clicking like a chicken.

“Bill, stop that. You talk big but you wouldn’t do it in front of strangers. Sorry guys but we have only known you a week.”

“Challenge accepted!” Was all he said before he pulled his shirt over his head, dropped his shorts and underwear on the pool deck and jumped in with a cannonball.

“Whoohoo” shouted Jerry. “Skinny dipping party” with that he stripped off and jumped in the pool.

Mary had her top and bra off before she looked at Susan and said.

“Come on Mary. For once in your life do something inappropriate and fun.”

As she said that she dropped her shorts and underwear and jumped in with her legs and arms spread. Bill got a full view of her shaved pussy and firm tits before she disappeared under the water.

Susan hesitated then gulped down the last of her drink, stripped in front of the three people in the pool and jumped in.

“Oh it feels so good” she said as she surfaced in the middle of the pool. “Why didn’t we try this years ago?”

“Good question” answered her husband Bill. “Maybe we should put in a pool”

“Or keep making friends with the renters.” Susan laughed as the last drink made her giddy.

Mary floated over to her and whispered. “What I said about it not being sexual doesn’t apply with your partner. Sex in the water is really hot.”

Mary moved away before Susan could respond. She drifted over to her husband Jerry and pushed him to the edge of the pool just deep enough to cover her breasts. When she wrapped her legs around him he supported her with both hands under her butt and they started kissing. Bill and Susan were embarrassed and a little unsure of where to look until he took her hand and moved to the opposite side of the pool. When he grabbed her by the bum she put her arms around him and gave him the sexiest kiss he had gotten in years. She was so sexually excited her lips seemed to melt when they touched his. His dick had been hard since he hit the water and he moved her into position to start a mind-blowing session of lovemaking.

Jimmy and Cathy had gotten bored and had looked out the window just as Bill had dropped his clothes and jumped into the water naked. They watched fascinated as one by one their parents shed their clothes and jumped in the pool. When the two couples paired off and started kissing Cathy took Jimmy's hand and led them to the pool.

"What do you guys think you are doing?" Cathy asked loudly. "Can we join this party?"

Bill dropped Susan and hid behind her as Susan spun around to face the kids and covered her breasts. Before she could say anything Jerry said.

"Absolutely! Anyone the universe has brought together the way it did for you two is welcome"

"But they are just babies!" Whined Susan. "Jimmy, stop that" she added as Jimmy removed his shirt.

Jerry spoke up again. "Susan, I learned over the weekend that these two share a love that very few people get to experience. The Universe really did bring them together. They can explain later but please trust me they belong together and should get to experience this as much as us. Jimmy is such a fine boy that I let the two of them sleep together Thursday and Friday night. I trust him completely and I'm sure they did a lot more than sleep."

Jerry continued. "I know Jimmy could be in a lot of trouble if people found out and we all might be too but I've never seen two people more in love since I met my wife when we were 12 and 13. We need to let them be together and not piss off the universe."

"But they have only known each other for a week. Your daughter seduced him!" Susan wasn't giving up without a fight. She didn't like the comment that Jimmy could be in trouble.

"Actually I found out they met online three months ago. So tell me, of all the places we could have visited and the millions of houses that we could have rented how did we end up bring Cathy next door to her online boyfriend? Can you explain that? The only explanation I can think of is fate. The Universe brought them together."

Cathy was already naked when Susan threw up her hands and surrendered. Bill had moved behind her and was sliding his dick between her legs. Jimmy finished stripping

and jumped in holding Cathy's hand. They swam to a far corner of the pool and all four adults admired her perfect smooth butt and even Jimmy's cute little tush.

"Bill, what are we doing?" Susan asked as he turned her around.

"Showing our son how to love someone fully" he replied. Bill wasn't usually poetic but he was fully on board with this change in his wife. He picked her up and let her sink on his very hard dick. Jerry and Mary were already making waves across the pool and Susan didn't want to think about what her son and that girl were doing at the other end.

Actually at that moment Jimmy was hesitating. Having sex with Cathy in front of both sets of parents was really strange. He settled for sitting on a pool step at the far end of the pool. It had gotten dark and the moon was starting to rise. Cathy straddled him with her back to the adults. With Jimmy partially submerged she could float over his lap and sink down on his waiting dick. Parents or no parents he loved the feeling of sliding into her hot slippery pussy.

There were lots of moans and giggles and groans as the three couples enjoyed the pleasure of sex in a pool.

"You took a huge risk" whispered Mary to Jerry.

"I figured saying Jimmy could be charged with statutory rape would get their attention."

"Oh Bill! This is so wrong and feels so good. Mmmmm. You can play with my bum if you like. Oh yes, right there".

Susan was enjoying her first skinny dip and her first pool sex immensely. She definitely wasn't interested in switching partners but she could ignore the others for a while and concentrate on her husband's extremely hard dick sliding in and out of her pussy. It would take a while for her to accept what her son and Cathy were doing but she liked and respected Cathy and had become very close to Mary these last few days. She thought maybe she needed someone like Mary in her life.

Jerry and Mary had quiet, intense orgasms as he pumped his seed into her. He wondered if it was time for her to stop her birth control for a while. Jimmy and Cathy did the same although he had to kiss her to keep the other's from hearing her multiple "oh yes" cries as he filled her with his cum again. She didn't know how she was going to survive without Jimmy's cum warming her insides at least once a day.

Susan on the other hand wasn't restrained. The absolute naughtiness of what they were doing. The audience. The thought of her thirteen-year-old son putting his dick inside Cathy. It all came crashing together as she started to cum and she released a wail that could be heard for miles. It took a second for Bill to cover her mouth but until then anyone who was outside within six blocks of the house probably wondered what small animal had just been killed by a coyote.

Susan's orgasm hit her like an explosion. Hot sparks erupted from her clit as her husband drove his dick deep inside her. Waves of pleasure caused waves of water to flow across the pool and up onto the pool deck. She held Bill tight, stiffened every muscle in her body and repeated over and over.

"Yes! Yes! Oh God Bill harder. Yeeeessssssssss."

Jerry and Mary turned to watch. Jimmy and Cathy did also. All eyes were on Bill holding his wife by her ass and Susan grinding herself against him over and over and over. When Susan finally calmed down and Bill let her slide to her feet Mary and Jerry clapped and from the far end of the pool they heard Jimmy say.

"Yea! Way to go mom!"

Susan was more than a little embarrassed but also flushed with her after sex glow. Jimmy and Cathy swam over to the adults and there was an awkward minute before Susan opened her arms to Cathy and pulled her in for a naked hug.

"You really love Jimmy a lot don't you" she asked as she looked into Cathy's eyes.

"I do Mrs. Miller. With my whole heart. We were meant to be together and nothing will keep us apart."

"I believe you sweetheart but you live a thousand miles away."

Jerry almost said something but he held back until he was sure. Tomorrow would be a big day in everyone's life.

As Susan was talking to Cathy Mary motioned to Jimmy to come over. He was more than a little shocked when she pulled him into a hug and he felt her naked breasts on his chest. He tried not to think about his dick possibly touching his girlfriend's mother's pussy. This day had been weird enough.

"So I guess I should say welcome to the family." She said as she hugged the somewhat shy naked boy in her arms. "I am a true believer of fate and the Universe so I'm not that surprised you and Cathy were able to meet. I would have guessed a more deliberate planned meeting but you can never tell what the Universe has planned.

"I don't know about that but I know I love Cathy and we're getting married someday."

"I don't doubt it for a second" she said giving him another squeeze. It was a mostly maternal hug although she had to admit he had a cute butt and she could see what Cathy saw in him.

"My turn" said Bill as the naked somewhat pudgy man held out his hands to hug Cathy. Susan scowled at him as he pulled the young girl close and put one hand on her back and the other on her bare buttocks.

“Jimmy is a lucky boy” he said as he thought what it might have been like to be Jimmy. Bill had still been a virgin at 25 when he married Susan. He envied Jimmy having all those years to enjoy Cathy’s killer body. Before things got out of hand he held her at arm’s length and said “Welcome to the family I guess”

“They’re not married yet!” Added Susan.

It was getting late and Jerry ran inside to get towels. They all moved out of the pool and grabbed a towel quickly. Jimmy and Cathy moved away from the adults and dressed while Bill and Susan tried to cover as much as possible with the towels. Jerry and Mary dried off briskly then wrapped the towels around their waists, leaving Mary topless. Susan struggled into her clothes and Bill just put his shorts on, not bothering to wear underwear.

“The kids haven’t had a sleepover since the weekend. We love having them but could you do us a favor and let them sleep at your house tonight? Mary and I have an appointment in Boston tomorrow and we will be gone most of the day. It would be a huge help if Cathy could stay with you tomorrow. Supper is on us. We were thinking of ordering Chinese for everyone tomorrow. Why don’t we plan another swim party for after supper?

Jerry didn’t even mention Jimmy and Cathy sleeping in separate houses. He figured they would just sneak out if he did.

“I would like to see Jimmy in the morning so I guess they can have another sleepover. It certainly won’t be what I thought it would be but I guess I have to accept that.”

Looking straight up to the sky Susan added.

“Do you hear that Universe? I accept it”

They all burst out laughing as Susan said.

“Takeout sounds good but no more margaritas. I have a feeling I will be sorry in the morning that I had that last one. Are you sure you don’t want us to host?

“What’s the big appointment? Susan asked. “I thought this was a vacation”

“I’ll explain everything tomorrow night. It might not be anything or it could be really big. We might be celebrating so let’s have it here if you don’t mind. Cross your fingers that the Universe is on our side tomorrow.”

Bill, Susan, Cathy and Jimmy walked to Jimmy’s house and after quick separate showers everyone went to bed. Jimmy and Cathy cuddled naked in his bed but they were too tired to start anything. Cathy did notice that it was her first time sleeping in his bed and it made her feel very comfortable and loved.

## The Day After

Jimmy woke up Wednesday morning to a face full of blonde hair tickling his nose. He breathed in deep and took in the unique scent of a young girl, his girl, sleeping in front of him. He was spooning her back and already his dick was growing as he awoke enough to feel her naked bum press against it. He just lay there, not moving except for his growing dick, and enjoyed the moment. His life had been turned upside down in the best way imaginable. A little over a week ago Cathy was a face on a screen. A very beautiful face but not one he could kiss. Now she was naked in his bed after him spending two nights over the weekend naked in her bed. Both sets of parents were aware now and although he worried that his parents might change their minds Cathy's parents had accepted him fully.

There was time to think about that later. Right now his dick was telling him, insisting actually, that things would feel a lot better if he moved it against her. It's not hard to imagine a thirteen-year-old boy who had experienced as much sex as he had to become quite addicted to the sensations. As gently as possible he pressed his dick forward spreading large amounts of precum in her bum crack. After pulling back and guiding his dick with his hand the second thrust slid directly across her bum hole and up her pussy lips. The feeling was indescribable.

On maybe the third or fourth pass Cathy reached down and pressed his dick to her clit as it passed by.

“Good morning naughty boy. What are you up to back there?”

“Good morning. Oh nothing much. What do you want me to do?”

Kathy wiggled her bum at him, rubbing it on his dick.

“How about being really naughty again? Got any lotion?”

Jimmy shook his head in disbelief and rolled over to his nightstand. He had some aloe lotion in the drawer from when he got a bad sunburn.

“Got it.” He whispered. Now what.

“Silly boy. Put it on both of us and let’s get this party started before your mom comes in.”

Jimmy covered his dick with the cooling lotion and poured some on his fingertips. Reaching down he tried to get as much as possible into her bum crack without it dripping on the bed.

“That’s cold” she giggled and wiggled her bum some more. “Feels like you got enough.”

Jimmy lay back down beside Cathy and started wiping his dick against her hole. Between the lotion and his precum things became very slippery back there. He put his head on the pillow, lined up with her hole, and started to press. Push, release. Push, release. He was trying to push through an impossibility tight opening.

When Cathy felt him press again she pushed out, relaxing her sphincter enough for him to push half of his crown in. The tightness was intense but he had been there before and knew she would relax once he was in. He placed his upper hand on her pussy and pulled himself into her with a pop. Once again her anal opening was squeezing him like a tight rubber band. He pressed forward, sinking deeper into her rectum. Cathy purred like a kitten and put her hand on top of his, encouraging him to play with her clit. As Jimmy started moving inside her he slid his aloe coated fingers down her crease. His slippery fingers felt very good when he returned to her clit and she said thank you by pressing her bum to him with each thrust.

They were both thrilled by the idea of having sex in his bed with his parents down the hall. It didn’t take long for him to feel the familiar surge and as he plunged his middle finger into Cathy he started filling her with a generous amount of morning cum. Cathy felt her own orgasm start at about his third surge. She could feel him thicken and fill her rectum with cum. The stimulation of her sphincter was real but it was also the naughtiness of the act that excited her to her core. As she stiffened and bit her lip to keep from screaming she pressed his hand deeper into her pussy and let the emotions wash over her. It was a great way to start the morning.

They cuddled for another half hour before the urge to pee started to take over. Jimmy pushed a wad of tissues into her butt crack when he slipped out of her and wrapped

his dick with some in case there was anything that could stain the sheets. They were still cuddling under the sheet when Susan opened his door.

“Jimmy it’s time...oh...um...I guess I need to learn to knock. Um, good morning Cathy.”

Susan was surprised and embarrassed. She wasn’t used to seeing her son cuddling a pretty girl in his bed in the morning. She tried not to think about the fact that they were probably naked under the sheet and that he was pressed up against her back. She also had the worst hangover of her life from all the margaritas.”

“Yea mom. That might be a good idea when Cathy’s here.”

“Well breakfast is almost ready and Cathy’s parents texted an hour ago that they were leaving for Boston. You two get dressed and come downstairs. Cathy, you can wear the clothes you had on yesterday for now. You can go next door and change after breakfast. Your parents left me a key. Be a gentleman and let Cathy use the bathroom first.”

They both suppressed a giggle after she closed the door. Cathy found her panties and put them on to hold the tissues in place then threw on her shirt and headed for the bathroom. Bill got an eyeful as he walked down the hall and saw a panty clad Cathy come out of Jimmy’s room and into the main bathroom.

“Lucky son of a bitch” he thought as he turned to go downstairs.

Breakfast was a little awkward as the adults tried to not mention the new situation and the kids hoped they wouldn’t change their mind. Susan was in real pain from the hangover.

“Oh my head. I may never have another margarita again “ she finally said.

“Yea but it was quite a night wasn’t it” added Bill.

Susan scowled at him.

“About that. I think we need to set some rules for the rest of the time Cathy is here. I understand all the stuff about the Universe bringing you together but you are still children. First thing, no one but us and Cathy’s parents can find out what you are doing. You’ve already been told what would happen if anyone finds out. During the day you need to act your age. I want to see you playing and doing things that other twelve-year-olds do. Even adults don’t spend all day having sex.”

“Mmm, wouldn’t that be nice though “ laughed Bill.

Susan gave him a withering scowl.

“Finally, that stuff is private. Unless you are told otherwise like last night you keep your love making out of sight of everyone. Cathy, you need to remember that you can get pregnant before your first period so your parents should think about birth control. Any questions?”

Jimmy and Cathy both said no and Jimmy asked.

“If Cathy’s parents invite us to go skinny dipping again can we go?”

“Yes!” Bill said before his mother could answer. “Susan, that was the most fun we have had in years and I want to do it again. People in Europe do stuff like that all the time.”

“Okay. But only if you are invited and only after dark. I don’t want to have to deal with a sunburn on your backside. I wouldn’t be surprised if that’s what Cathy’s parents have in mind for tonight.”

“I’m pretty sure Cathy would volunteer to rub in the aloe lotion.” Bill added.

Jimmy choked on his cereal as he thought about the aloe he had put on Cathy’s butt earlier that morning.

Cathy asked for the key so that she could change clothes. Jimmy offered to walk her over since the house would be empty and his dad said okay before his mother could object. After they left he moved behind his wife’s chair and started massaging her breasts.

“That boy is the luckiest boy on the planet. He has the power of the Universe on his side.”

“You don’t believe that stuff do you “ she asked while leaning back to enjoy the massage.

“I believe that kind of love doesn’t come often and we shouldn’t get in the way. What we should do is go upstairs and have our own fun. I could get into pretending we were twelve again.”

Bill took his wife’s hand and led her upstairs to their bedroom where they spent the next hour imagining and experiencing what it would be like to be twelve-year-old lovers.

## **Trust the Universe**

Cathy’s parents were gone most of the day Wednesday . They texted her a couple times so that she wouldn’t worry. The first text around noon said things were going well and they would have a surprise that night. The second text around three said don’t forget the party at the rental house, big announcement coming, tell Jimmy’s parents to come over at five instead of seven.

Cathy was at the playground with Jimmy when her parents arrived. They went straight to Jimmy's house where Susan let them in.

“So what’s the big announcement?” Susan asked with Bill standing behind her.

“We will tell everyone at supper. Can you recommend a good takeout place?

Susan gave them a menu from a local Chinese restaurant that they used and a few suggestions on what to order.

“Okay, see you at five. I hope you like what we say. I think Jimmy will.”

After they left Bill said.

“If the news is they are leaving Cathy with us the answer is no. I’m not paying to raise that kid.”

“Oh Bill. Don’t be silly. They wouldn’t just give away their daughter. I wonder what it is though.

Jimmy and Cathy returned and she went running home to see her parents. She tried to get them to tell her the surprise but all they said was “after supper”. Bill and Susan arrived promptly at five and the food was delivered a few minutes later.

“No margaritas for me tonight!” Said Susan when Jerry asked what people wanted to drink.

Jerry laughed and said they had soft drinks and white wine if she wanted that. He said there would be champagne later but refused to say why. At the end of the meal

everyone read their fortune cookies. Most had corny sayings but Jimmy and Cathy had the same one. Cathy and Jimmy read theirs together.

“It says the Universe will give you your greatest wish.”

Jerry looked at the two kids and said “Wow”

When everyone had read their fortune cookies Jerry and his wife stood up with their arms around each other.

“You all know how the Universe has brought these two kids together. It seemed cruel that they would meet and then be separated by a thousand miles. What you don’t know, including Cathy, is why we came here. Mary and I haven’t been happy with the way things have been going back home. We decided a while ago it wasn’t a good place to raise a daughter. The reason we came here was because I had a job interview in Boston today. I’m very happy to say they hired me at a substantial increase in pay and they will pay all moving expenses.

“Oh my God dad! You mean we’re moving here? Can we move to this town?” Cathy said almost jumping out of her seat.

“Wait. Wait. There’s more. The reason we rented this house is the owner is getting sick of renting and wanted to sell it. The second meeting today was with the owner and his lawyers. We signed the papers to buy the house today. We move in in about a month.”

“Here? We’re moving here? Jimmy did you hear that? We’re gonna be next door neighbors. I can’t believe it!”

Cathy was jumping up and down and screaming. Jimmy jumped up and held her hands as they both bounced and almost fell in the pool. Bill and Susan were dumbstruck until Bill stood up and shook Jerry’s hand and said.

“Welcome to the neighborhood”

He then gave Mary a big hug and motioned to Susan to do the same. She gave all three of her new neighbors hugs and said.

“How about that champagne now”

Everyone laughed and Jerry opened the bottle with a pop and poured six glasses.

“Special occasion” he said when Susan gave him a look.

“Don’t get any ideas” he said to Jimmy and Cathy. “You can have one drink tonight to toast the Universe.”

“To the Universe!” He said raising his glass high.

“To the Universe” everyone shouted before downing their champagne.

“Who’s up for skinny dipping?” Bill asked resulting in a hit to his arm by Susan.

The kids hit the water first followed by four naked adults in various states of fitness. Everyone had a great time laughing and splashing and launching the kids into the air from their hands. Jimmy couldn’t remember a time when his parents had laughed so much. After the games everyone relaxed and floated as couples, unlike the other night there was no sex. Just three couples who loved each other spending quality time in each other’s arms. When it was time to get out of the pool Susan asked.

“So who’s sleeping where tonight? Until you move here maybe the kids should alternate houses. I was just thinking after you move in maybe they could spend a

week of nights at each house. For the summer they could go to their own home each morning to dress. We can figure out later what to do when it gets cold.”

So it was arranged. The Anderson family from Illinois moved next door to the Miller family from Massachusetts a month later. Jimmy and Cathy became regular babysitters for Mark and Margie and a couple of the other kids that they played house with. Jimmy and Cathy’s love grew stronger each year until a few weeks after their graduation from college they were married and moved into their own apartment full time. When a house in the same neighborhood went up for sale they bought it and were able to see both sets of parents on a regular basis. Of course the skinny-dipping parties continued whenever the weather allowed but Susan gave up margaritas permanently. All in all the Universe was very happy with the outcome.
