He had his reservations. Ronin had been around for long enough to know these sorts of things required a lot of planning and communication. But he kept that to himself because Alice was clearly desperate to ask him to accompany her to the New Year's Eve party Tabbi and her new master were having. An event far more likely to be a sausage fest than anything entertaining for him. Sometimes, only sometimes, Ronin was willing to make a sacrifice for Alice. This time would hold him for another few years.

He swung by to pick her up, listening to the usual moaning about not being able to wear her prettiest shoes because she would be assisting in the activities. He got the flash of a smile and a giggle - the usual ways Alice tried to make Ronin calm and comfortable when she could feel him already straining to be free. A glass of orange juice already sitting out, and her casual chatter about nothing of much consequence. If Alice was worried about Ronin asking why they were going, then she didn't bring it up. She was happy enough to see him, to have someone to go with, to spend New Year's Eve out enjoying a play party.

Once they were in the car, Alice tucked into her seat with her small duffel bag of sexy clothes and some implements of sexual deviance, Ronin finally asked for details. She told him Jeff had gorgeous steel blue eyes, dark black hair, and was quite tall. She giggled again. "I've always found our height difference intriguing." But she went on to say that Jeff wanted a woman to own, a woman who was completely his, bearing his marks and submitting to him. Ronin listened to the soft lilt in her girlish voice - the sexy phone voice Alice loved to use to suck in men and draw them to her big breasts before wrapping herself around them. His sideways look was all Alice required to know she had best stick to the facts.

---

Tabbi was so nervous. It didn't matter that everything had been setup just so. It didn't matter that she had checked and double checked all the arrangements. She knew how much she wanted her master to see her serve wonderfully. And then Jeff strode into the room and Tabbi felt breathless and wonder-struck that her master had picked her. Just her. And collared her and then marked her so intimately. She was his - in every way she could imagine. His fingers

touched her olive skin, and Tabbi leaned into him - fortified in her master's presence. He sang to her, his voice gracefully flowing and filling her ears and her heart, and Tabbi smiled. "Yes, Master. Everything is ready. I hope everyone comes."

When he laughed it warmed her cheeks, and Tabbi blushed. "I'm sure they will cum, my pet. All over you in fact." And then the doorbell rang, and Jeff went to meet their first guests while Tabbi tried to inconspicuously double check the hors d'oeuvres and relax despite how sheer her flowing lace blouse and skirt were.

Whatever Tabbi had been worrying about, the peals of laughter from the door distracted her. She unconsciously snuck to where she could see who had come in. At first she just saw Jeff, standing tall and slightly turned to the side, facing a hard looking man with closely buzz cut hair and broad shoulders. But then Alice bubbled out from between them, abandoning the boys the instant she saw Tabbi peeking around the corner.

"Oh pretty pretty pretty!" she cried out. And then Alice ran and pounced on Tabbi, squeezing her so close that straight brown hair flowed into dark blonde waves like two bodies of water meeting around them. Alice couldn't help herself of course. Tabbi's breasts were exposed with pert nipples pushing out against the sheer lace edged top - and Alice had to rub boobies with the cute submissive. And kiss the pretty little bird's neck and cheeks a few times too. Still holding on to Tabbi, Alice asked for the grand tour. Leaving Ronin and Jeff standing at the door.

---

"It's a lovely place," Ronin looked around while Jeff walked him to the dining room. "I've always been a fan of the hardwoods. The deeper, richer tones provide a wonderful ambiance." He acknowledged Jeff's gesture toward the bite sized bits of cheese, meats, and pastries. "I'm afraid I'm supposed to be strict about my diet." Then Ronin turned and felt out his words carefully. "So she's very lovely, but I see no tattoos. No brandings. I, well, Alice alluded to your submissive being marked by you."

Jeff laughed. He had met Alice at private parties around the city. More than once she had mentioned Ronin, and he had expected a tall man with rough edges. Instead Jeff faced someone who was very polished in his manners and extremely observant to the point of being intrusive. "I'm more of a naturalist. Although, she will be permanently inked by the end of next year, I'm sure of it." He sucked in his breath between his teeth. "Alice did say you probably wouldn't participate tonight, but she really wanted to be here for Tabbi. I'm not sure how that... hmmm... works for you." He let the statement dangle, judging Ronin by his easy body stance and wondering how well the man would do as an observer.

It was Ronin's turn to chuckle. "I can amuse myself quite well, and Alice will pay for the convenience of having a driver and my company." He sifted through the limited briefing he had gotten. "If you don't think anyone will notice us leaving the door for a bit - I hear you have a well equipped dungeon... would you mind showing me?"

Being a good host obliged Jeff to some extent, but he understood Ronin's intent. Best not to dwell on the personal arrangements Alice made with others. And why not show off the hard work he and Tabbi had invested in their playroom and dungeon. He led the way with a gesture, only pausing for a second to glance toward the door and reassure himself it was closed, and then led Ronin to the spare bedroom he used as a play space.

---

When they entered the room, Alice and Tabbi were there looking over the darkly stained wood shelves that lined the walls. Floggers, single tails, and canes were hung with care in precise order on the left. A set of leather cuffs and harnesses were hung above them, all still set into the shelf space. Ronin had to move around the black tarp covered bed in order to see more. When he squeezed past Alice, she reached out and fondled his thigh and cock, and he ran his nails along her shoulders. Little gestures that made it clear they were intimately aware of one another while outwardly focused on what they were doing. Behind fitted glass doors a collection of wonderful breadth lured Ronin closer.

"Oh, this is too good to be true," he murmured and then turned to Jeff. The tall man stayed by the door, able to see over everyone's heads quite easily. "You have a fabulous collection of speculums and retractors. An amazingly complete set for dentistry and orthodontia. Now I'm impressed. Alice neglected to mention your love of medical scenes."

Though Jeff wasn't entirely sure Ronin was being genuine, it didn't seem like sarcasm. Most people noticed the electro-stim kits, the violet wand, and the array of clamps and weights. But Ronin seemed to be quite enamored with a portion of his collection that Jeff had only put to limited use. "I'm sure Alice mentioned I enjoy interrogation scenes... quite a bit. I'm

sure someone with other experiences could use them differently." Tabbi moved toward him, and Jeff stepped close enough for her to lean into his chest with one shoulder. "But tonight is a much more traditional event." Jeff leaned forward and nuzzled the top of his pet's head. "A collection of a few men - handpicked - to help my love enjoy feeling one cock after another overwhelming her body until she's had her fill."

Alice turned toward Ronin to judge his reaction. Gang bangs were not something he usually cared for, but she had originally expected more women would be coming and this would be more of an open orgy. Alice hadn't found out about Jeff's small change in the plan until Tabbi had brought her to the dungeon room a couple of minutes before Ronin and Jeff walked in. Alice and Tabbi would be the only women at the party.

He licked the tip of a finger and held it up. "Given the warmth of the air, I don't think your pet's body is flushed and aroused out of protest." He smiled. "I hope you don't mind me watching with Alice."

Jeff had been warned that Ronin was a bit different, almost orthogonal to most people, but Ronin's behavior was stranger in person than he expected. "Well, Alice will be getting a very detailed look. I believe she's in charge of holding Tabbi in place while I manage the queue of cocks. But I'm sure you can blend in."

The evil grin on Ronin's face when he looked over at Alice summed up his feelings quite well. He knew how much of a top Alice was in party settings. And he also knew there would be hell to pay if one of those lined up living dildos misfired and splashed Alice in any way. This would indeed be quite entertaining.

---

Tabbi's pale skin glistened in the low-lighting of the room. She was strapped down to one of Jeff's prize possessions, a 1950's medical exam table. It was fully equipped with stir-ups and would be the focal point for starting the night.

Positioned over Tabbi, Alice's cunt made a much better gag than any ball ever could, at least for now. The dark haired beauty looked natural in her position above the Jeff's slave. Everyone in the room sported a Full Monty, except for Ronin and Jeff, they were both fully clothed. And for Jeff's purposes, the three names of the invitees are not important, so we will call them Tall, Dark, and Handsome.

It works...

Handsome was such a fitting name for him. Pale blue eyes, dirty blond hair, and washboard abs. Oh, and a smile that went on for days. He was the first to have his go at the blonde cutie that laid spread out painfully wide for all to see, touch, and feel. All the attendees had been given a list of no no's which boiled down to a single command: insertion requires a condom. Jeff always said, "Safety keeps people alive, usually." Jeff had done the honors of making sure Tabbi was ready for the fucking she was about to receive, so when Handsome slammed it home, they both hissed while his sheathed cock forced its way inside her juicy slit. Alice watched Handsome's chiseled body while he delivered the goods to Tabbi, bucking her hips a little faster over the waiting tongue which lapped and slurped at Alice's dripping pussy.

Tall had taken up post at Tabbi's breasts. He tugged and pulled and twisted them until her back arched off the table. The blonde was unable to control her body, and she nearly bucked poor Alice off. Which earned Tabbi a severe twisting of her nipples by the dark haired beauty. "Do that again... and I won't be so nice." Alice continued pinching and tugging on Tabbi's nipples while riding the woman's chin with her pussy. Nice? Poor Tabbi had tears running to her ears and pooling in her blonde hair, but that dutiful little fuck doll was back to hungrily suckling on Alice's clit as soon as she lifted up enough for Tabbi to breathe.

Even taller than Jeff, Tall's name suited him well, and he hung back until it was his turn while enjoying his view of the entire scene. One hand rapidly jerked at his thick average sized cock, the rhythm set by Handsome's pounding thrust after thrust into Tabbi's oozing cunt. His other continued to knead and crush Tabbi's tender tits, while being careful not to block Alice from tormenting the slave's nipples.

Ronin continued to observe the way Tabbi moved on the medical table while keeping an eye on Alice. He wasn't alone. Jeff leaned his shoulder into one of the handcrafted dark wood shelves and watched nearby. With a slight nod toward Ronin, he said, "You're more than welcome to use any of the toys on the shelves."

His deep voice seemed to boom in Tabbi's ears. She needed to know he was there, and the certainty of her Master's presence pushed Tabbi to prove herself. She became one with Handsome. Her hips bucked off the table into every thrust while he pummeled her with his

flesh. Her body flexed and moved in sinuous waves - the force of Handsome's pleasure moving her like a snake. Her breasts rose and fell, and Alice gripped her nipples tight to keep Handsome's rhythm from distracting Tabbi's mouth. Tabbi did her best to continue drinking the sweet sticky nectar of Alice's weeping pussy. Her tongue ached while she fucked it in and out of the wide gash mounted over her mouth, being extremely careful not to let her teeth scrape Alice even when Handsome's bucking cock caused the medical table to shake.

It was Tall who took Jeff up on his offer of toys. He selected a pair of stainless steel alligator clamps from the shelf behind him. Tabbi's nipples were already hard and sore and when Tall added the vicious biting clamps to them, she lurched and writhed in agony while still taking a steady pounding from Handsome. The steel teeth bit into the base of her erect nips, and Alice smiled at Tall in approval. There was no chance of the clamps slipping off. He pulled at the chain to test that assumption, and Tabbi screamed bloody murder into Alice's muff. It was a lovely sound that echoed through the room, but she didn't come off the table that time. She had seen Alice in action before at other parties, and just assumed she was being tormented by her. Fuck, that woman's vicious, but she tasted delicious, so Tabbi felt it evened out.

Handsome needed a moment or he was going to blow his load. He was hot as hell, but couldn't seem to hold his own in the bedroom. Tag-teaming like this was probably his best bet for getting laid repeatedly. Handsome was Jeff's best friend, and Tabbi had the hots for him. Her slaving pussy was draining the life from his cock even as he reluctantly withdrew. Dark, who was of the darker persuasion hence the name, took over where Handsome left off. The walls of Tabbi's pussy clamped down instantly as his thick dick roughly entered her. His hands tightly gripped her inner thighs, and he was immediately fucking Tabbi like there was no tomorrow. His chubby cock surged with the force of his entire body rocking into her spread inner thighs with each thrust. The blonde mewed softly into the folds of Alice's labia, and her slick slit slobbered in response to the driven onslaught.

Alice heard Ronin in the background. "Don't cum... that's for me to decide." Calm, cool, and collected - he simply drifted back into the shadows as if he weren't even there.

"Tabbi... make her cum, or you don't get to." Jeff counter-challenged. Oh what fun it can be pitting two submissives against one another in the battle of orgasm denial. Hot tears soaked the sides of Tabbi's face and her hair stuck to her ears. The tight chain clipped to Tabbi's nipples, now in Alice's possession, pulled her further off the table as Alice used it like reins to control Jeff's sobbing slave. Unable to use her hands, her legs tightly locked into place, poor Tabbi was a trapped rat, and they were making her their science project.

"I won't cum, little slut, but don't you dare stop." Sweet bubbly Alice wasn't so sweet anymore. She knew what Ronin might have in store for her pussy and ass if he felt Alice had let him down. Tabbi's poor nipples suspended her chest in the air while Alice rode her friend's eager mouth. Dark was helping the tongue lashing along with each heavy, deep thrust. He continued to slam into Tabbi's narrow vaginal chasm without slowing down.

"Damn, Jeff... her pussy's so fucking tight. I knew I was missing out." Dark grunted between heavy breaths.

Jeff's deep belly chuckle filled the room and Tabbi's head. She knew he was there and happy, and this was about him. Just like being marked by his piss was about him; being owned, possessed, and desired by him. She felt her face flush in response to her Master's obvious approval, and each time Dark's thick cock slammed home, Tabbi thought of how much she adored her Master's use.

Tall waited his turn patiently for a reason. The best was yet to cum... of course. Poor Tabbi wasn't orgasming anytime soon, and Alice didn't either. Then Dark finally had to break away before losing control. There was sweat beading on his brow, and Dark was breathing hard from his sprint between Tabbi's thighs. Alice reluctantly released the nipple clamp chain and eased herself off Tabbi while Dark backed away and caught his breath. She took a seat beside Ronin, leaning against him while stroking his thigh.

Handsome reclined on the tarp covered bed. The true fucking was about to commence. He waited for Tabbi to find her way to him, freed from the stirrups by Tall and then guided over to the bed in the center of the play room. Tabbi only needed a steady hand long enough to climb on to the bed. Her face was soaked in Alice's pussy juice and her legs shaky from the pussy pounding she had already received from Dark and Handsome. Once she was in place, Tabbi slammed her pussy down over and over as she rode Handsome's cock once more. Tall inched his way between them, and he moved Handsome's legs so he could get into position. He felt Jeff beside him and then worked his dick into place, so it was slipping and sliding along the wet cleft of Tabbi's ass. Tall had to hold the blonde by her hips, slowing her fevered pace, to plant his cock head against her asshole.

"Are you ready for all your holes to be filled my little cum guzzling whore?" Jeff had nodded to Tall, and then moved right next to his slave's ear. He leaned in really close, so she felt his hot breath caress her like the heated winds stroking over desert dunes. Jeff waited for her response.

"Yes, my Master," she sighed and turned to face him while still riding Handsome and feeling the increasing pressure of Tall's cock pressed against her ass. "Please I need to cum... please, your slave's begging..." Tabbi's pale blue eyes, blood shot from spilled tears, pleaded with Jeff.

He shook his head slowly. "Not yet, pet, maybe if I think you've performed well." Jeff met her watery eyes and smiled. "Alice didn't cum - you know you don't deserve it." Jeff pulled the chain on her nipples up, up, up until Tabbi was tugged to his chest with her open mouth shaping silent screams from the pain. "Fuck my friends well, girl, then maybe..." He winked at her and released the chain. Then Tall swiftly pushed her shoulders down and drove Tabbi into Handsome's chest. He spit on his fingers to coat the end of his shaft.

Dark had come around to the top of the platform bed. He was ready, and Jeff gave him a hand signal to begin. He caught Tabbi's head, grabbing two fistfuls of her blonde locks, and thrust his hard cock deep down the overzealous girl's throat. At the same time Handsome clenched his buttocks and arched his back to lift Tabbi up from below, lining her up for Tall while enjoying the way her pussy quivered in response.

Tall eased his way through the first pop of her anal ring and growled out. "Oh that's fucking nice. So fucking good, little girl." He kept driving into Tabbi's ass, feeling her seize up, and then finished his relentless plunge slapping his pelvis into her round, pert bottom. Tabbi found her balance quickly, and bounced on both the dicks that filled her to the brim, while trying to keep constant contact with the cock that thrust deeper and deeper into her throat.

It was a delightful performance piece that Jeff watched after returning to his spot beside the shelves. "I know you can suck his dick better than that, now do it right." Little key phrases that he used would set Tabbi into overdrive, and Jeff knew just how to push and twist her buttons. He spent over a year fine tuning her to his pleasures and his likes; this little New Year's Eve experiment was no different.

Urged on by her Master's guidance and the overwhelming amount of cock thrust into her, Tabbi quickly accelerated to full throttle. Her hips pumped as the cocks slid alongside of each other in her pelvis, labia and buttocks smacked with each deep thrust, and her eager mouth worked overtime sucking Dark's thick shaft. Each man fulfilling his own needs with her, as well as her needs with them. It was a lovely little circle of lust and need, executed with awkward grace, and so they danced onward.

Alice was softly moaning while rubbing her head against Ronin's belly. She slid forward in her chair, maintaining her view of the action, while reaching down to her pussy. Tabbi's saliva and her juices soaked her pussy opening. She didn't need to ask - she knew how to stoke Ronin's fire. She worked four fingers into her sloppy hole and ground the palm of her hand into her clit. "So nice..." Alice murmured to Ronin. "So nice and easy..."

Jeff continued coaching Tabbi. "That's good, now push back into that thick cock with your ass and show me how you like your ass being fucked." He mixed praise with directives. In his peripheral vision, he watched Ronin slowly drag his nails over Alice's cheeks and work his fingers into the woman's flowing brown mane. "Don't cum... work that mouth and pussy." He was a bit distracted by the secondary scene playing out, and watched while Alice's breasts heaved in response to her hand slapping into her pussy over and over again.

Ronin expected Jeff to say something - he'd been feeling out the cadence of the interesting interaction between Jeff and Tabbi for the last half hour. It was easy for him to insert himself, usurping Jeff by just speaking a moment before the other dom could. "I think Alice needs a cock pounding into her ass, Tabbi. You wouldn't mind if your Master tried making her cum since you failed." Alice and Jeff froze, not expecting the setup, but Tabbi gurgled and then eased her mouth off Dark's cock. "Please... please make her cum so I can cum... please... I need to cum so bad..." Her voice was hoarse, but everyone heard Tabbi clearly.

"Get that mouth wrapped around Dark's cock!" Jeff thundered. He eyed Ronin, but there was nothing there. No emotion. No uneasiness. No display of aggression. Jeff walked over in two strides, and took Alice's hair from Ronin like it was a leash. He didn't say anything else, and Alice submitted while Jeff guided her over to the side of the medical table and bent her over it. "Next time," he growled and appreciated how Tall, Dark, Handsome, and Tabbi quivered, "when I tell you to make a bitch cum, I want to see results." Alice presented her ass wantonly, and Jeff only had to open his trousers and pull out his cock. "Now give me a show while I ass fuck your friend."

The condom went on effortlessly, and then Jeff stabbed forward. Alice's round bottom and their height difference meant he was aiming blindly, and his cock slipped into Alice's drenched pussy. She giggled, and there was a hard slap to her ass that almost caused Alice to turn around and deck Jeff. But Ronin was there and ran his hand through her hair while clawing at her scalp to keep Alice in place. "Her cunt is ruined... for men. You'll want to take her tight ass since she's still struggling with stretching it for fisting and big dildo fucking." The threatening undertones in Ronin's voice brought out goosebumps along Alice's back, and he turned to Jeff. With eyes wreathed in fires of madness but a face expressing only control, Ronin added, "Fuck her ass until she cums hard. She's been eying your cock for months now." He smiled softly and then eased his way around Alice's shoulder to stand facing Jeff.

Alice took advantage of the opportunity. While Jeff shifted his erect shaft up and pressed his glans into her anus, she opened up Ronin's tacticals and eased out his semi-erect cock. With soft kisses and long licks, Alice guided Ronin's bare manhood into her mouth, and sighed around it while Jeff steadily built up his rhythm. Ronin stroked her hair, holding the cascading flow back and off Alice's cheeks so she could breathe easily while sucking him.

"Oh... she does have a loose cunt, but her ass is almost as good as yours." Jeff muttered to Tabbi. Then he adjusted the pitch of his voice to make sure Tabbi heard him clearly. "But she's not as good as you - she only has two cocks fucking her." His fierce pride showed as his anger had earlier, and Jeff glared at Ronin while looking past him at the men fucking his property on the bed.

Ronin projected a facade of understanding, but to Alice he whispered, "Make him addicted to your ass. Work his cock, so he needs your ass to cum. Do that, and you'll have Tabbi for your own whenever you want in the New Year just so he can shove his cock into your ass again." The hiss of his whispers and the pattern of his phrases began to set the rhythm for the fucking all around him even though Ronin knew only Alice could make out his exact words. "Clench down on him... press your cheeks into his pelvis... stretch and welcome him in... own his cock... master him... and that submissive slut will fuck anything you want... fuck anything no matter how big... beg you to whip her tits... plead with you to torture her cunt... help you ruin her pussy..."

The nasty things Ronin suggested worked Alice into a frenzy. Her ass worked Jeff's cock like an instrument. She used every muscle within her cunt and rectum to milk him. Alice knew Ronin didn't care if she sucked his cock to finish. He'd fist her and fuck her in the morning. And then he'd force her on to some monstrous dildo just to enjoy her soft cries while Ronin grinned seeing how well wrecked she could make her pussy. Most of all, she understood this was a new game - a mean and vicious one - and Ronin was giving her alternate winning options. If Tabbi orgasmed first than Alice won. And since that didn't happen, now if Alice made Jeff orgasm first she could still win. But she had something else in mind...

Ronin stepped back slowly, Alice's hands nudging his thighs, and allowed his cock to fall from her mouth. Before she could do anything, Ronin used her hair to dry the slobber from his manhood - expressing his displeasure. Alice let him have that; she couldn't communicate her intentions with her mouth full. She swallowed a few times, adjusting her jaw and throat, and then called out in her sexiest phone voice, "Oh, he is marvelous at ass fucking, Tabbi. Why didn't you tell me?" She felt the energy in the room - stormy from the sparks between Jeff and Ronin but still straining to peak. "I'll have to come over and visit more often to get my fill." Jeff's cock throbbed deep in her rectum, and Alice knew she had him on the hook. "But I won't leave you out... with such a talented pussy I'm sure I could fist you while Jeff slides his wonderful cock in and out of your ass." Another throbbing pulse and Jeff seemed to be pushing harder. "But of course, any punishment I earn for being so eager to have your Master fuck my ass over and over, he'll have to take out on you." Alice giggled, and looked up to see Ronin hiding his grin from Jeff. "Every time he cums in my ass, I think I'll just have to torture your poor nipples while he flogs your pussy until you cum, too. Every time he shoves his cock into me... I'll have to teach you... to put your hand in your wet pussy... so I... can..."

His cock was plunging into Alice's ass with a passionate fury. He knew what she was doing, but the combination of watching his friends stuff his pet while Alice worked so hard to lure and suckle his cock was too much to resist. Jeff consoled himself with thoughts of pissing in Alice's rectum, to mark her ass as his own territory, to take that for himself - but he could not ignore how well he was being played by the buxom homme and her sadistic friend. Yet Tabbi's cries and moans pushed him further. He could hear Alice huffing and puffing, barely able to get out words while he stabbed into her ass. His cock was swollen and aching for release.

Tabbi cried out... her body shaking uncontrollably and Dark had to draw his cock from her mouth to avoid being bitten. Handsome held her close, soaking her sudden spasms into his ripped chest and abs, and Tall gripped her hips to keep Tabbi from denying him a happy ending. Together Handsome and Tall felt their cocks suddenly crushed in a sweltering vice, and Handsome

shot his load with a deep grunt. Tall laughed out loud, "Me next," and then slammed his cock into Tabbi's ass hard enough to make her slide up and off of Handsome's sheathed prick. Tall ignored the awkward feeling of Handsome's slimy latex wrapped cock on his scrotum - his buttocks clenched and he fired his thick paste into the reservoir tip of his Magnum. Then he stumbled backward, slipping off the bed and steadying himself with one hand, feeling how weak his knees were from such a strong ejaculation.

Dark came around, nudging Tall aside, and slid between Handsome's thighs. He had to pull Tabbi back, but it only took him three strokes into her well fucked pussy to get off. He loved her mouth, but her hot clenching vaginal walls were just the velvety friction Dark needed to finish. Satisfied, he collapsed on the side of the bed and weakly high fived Handsome.

With her siren voice, Alice called out to Jeff. "Oh, she's right there... open and they've all cum... you should go finish in her... I know you want to..." She'd caught her breath while Jeff paused in response to the orgasms on the bed.

Growling, Jeff renewed his grip on Alice's ribs and slammed his cock into her ass. He didn't say anything. He watched Tabbi roll over on to her back, allowing Handsome to escape from underneath her, and their eyes met. Without needing Alice to say a word, Tabbi reached down between her legs and began fingering her labia and then her opening, all while looking up at her Master with bedroom eyes. The medical table was rocking and moving from the powerful fucking Alice was getting, but both Jeff and Alice were watching Tabbi soundlessly.

She pushed two, then three, then four fingers into her pussy. Her fingers were crushed together, almost overlapping each other in a two by two formation, but Tabbi was showing Alice and Jeff what she could do. Handsome tried to see, but it was Dark who moaned, "Oh, she's gonna stretch that tight pussy..."

Alice called to her, sensing Ronin's glee, in a soft girlish voice. "Next time I can show you... show you how to open up... help you work up to fisting..." She had to fight to breathe, but Alice knew it was worth it. Jeff silently twitched hard in her ass, and Alice knew his orgasm was the handshake on the deal. She sighed with a hum. "Let me show you..."

When she began to move from the table, Jeff had no choice but to back away. His cock dropped from Alice's ass, condom soaking his flagging erection in creamy jism, and Alice paused long enough to run her fingers over his shirt and kiss his chest. Then she sashayed to the bed, pushing Handsome off with smack to his tight abs and a lusty grin, and settled in next to Tabbi. Her heavy thighs spread, and Alice crossed one leg over the blonde's and reached down to pet and stroke the slave's hand while Tabbi continued to play with her pussy. "With some practice it's so easy..." she murmured and every ear in the room tuned into her seductive voice.

Alice slipped her hand over her abdomen and pelvis, but she needed to lift her shoulders off the bed to reach. She fixed Dark with a grin, and said, "I need pillows to prop me up." He almost jumped to comply, and Alice continued stroking down and spreading her lips while Dark stacked pillows under her head and shoulders. "You just push right in..." she murmured in her sexy voice again.

And while Alice slowly worked up to fisting herself followed by a shuddering orgasm accompanied with little plaintive cries, Ronin checked his phone and silently toasted a wonderful start to the New Year.
