Andrea woke up during the middle of the night with Alexi still softly snoring beside her. She checked and made sure Alexi was sound asleep, then Andrea gently extracted herself and headed to the bathroom. On the counter was a huge pile of toys, now all too narrow to fill Alexi. Andrea picked out the biggest of the group which she recalled measuring at just under three and three quarters of an inch wide at the flared head. It was decidedly cock shaped - the swollen glans with a dimple for the urethra at the top and a broad mushroom shape. Along the slightly narrower shaft the toy had textured veining, way overdone for

a real person, but intended to suggest something more natural than the black rubber dildo itself. Amongst all the toys that Alexi and Andrea had collected and ordered, this was definitely one for Alexi. Andrea stuck with more inanimate looking dildos and plugs for her play time.

At least until now. After setting a couple of towels on the bathroom floor, Andrea placed the heavy phallus dildo in the center and went into the bedroom. She returned with a digital camera on a short tripod and set that up. The lighting was a bit off so she fiddled a bit to make sure the camera had a good view and focus on the toy. Then she fetched an eye liner pencil, took off her pajama bottoms and top, and started the camera recording video.

The tiled floor was hard and cold as Andrea knelt down directly behind the toy on the towels. Without a word she moved the toy forward and to her left, and then positioned herself directly over the spot it had been in. Her smooth pussy was clearly visible in the video this way. Andrea sunk back on to her ankles. While still wondering if she could really do this, she cleared her throat and began.

"I am your cock slut, Tom," She said slowly and clearly into the camera. She slowly ran her hands over her breasts, lifting the double D cups up from the bottom and then pinching the nipples as she pulled them toward the sides and pushed them together toward each other. "A cock slut has to fuck cock and cock toys. Since my ass is just for two fingers and your cock, my pussy is for big toy cocks and your cock." Andrea ran her hands down over her belly to her pussy. The heavy folds of her outer labia parted as her fingers pulled on them and stroked between them. The soft pale skin let her fingers stroke it and push it and pull it - always reshaping itself back to the smooth rounded shape of her sex.

Andrea lifted off her ankles and moved the big cock dildo in front of her. "See, Tom, see what your cock slut will do for you." She leaned forward, one hand on the floor to support her weight, and kissed the tip of the oversized cock head. The smell of the rubber was strong. She made sure to look into the camera as she worked her tongue as far out of her mouth as possible and pushed it around the rounded mushroom head. She could taste the rubber vinyl - a dark foreign chemical flavor she couldn't really register. She salivated on the head leaving it slick and shiny in the bathroom lights. Lifting up she smiled at the camera. "This is my first cock, Tom. I picked a big one to start with because I want big cocks in my pussy." She moved the toy back between her well defined thighs. Then she lowered herself down on it, using her fingers to stroke her labia back and rocking a bit until the broad head fit into the cradle of her opening.

"Tom, I am your cock slut," Andrea said again looking straight at the camera.

She felt the pressure of the head on her lips and just the tip of it between them. Grinding down she continued, "I wet this with my own mouth, just like a cock slut should do. I..." She paused as she felt the toy shift a little and fit into her pussy a tiny bit more. "I will get used to fucking whatever cocks you want me to..." She tossed back her head a little as she thrust harder with her thighs and abdomen. "I am a cock slut for you." She moaned as she felt how the head was pulling on her skin, it was wide enough to push her labia in with it. "Oh Tom," she sighed feeling the pulling, "I didn't wet it enough... not enough with my mouth... I can feel it pulling, pushing, I can feel it grabbing at my lips... it doesn't matter... it doesn't... I am a cock slut... I have to learn how to fuck cocks..." She hunched down harder and harder. "Wet or... or dry... I am a cock slut... I can't... I won't... Oh... there it goes..." Andrea sighed a breath of relief. "There it goes..."

The veined shaft of the vinyl rubber dildo was bulging from the pressure Andrea was applying to it. The mushroom head fitted into the curve of her vulva, and the labia were pulled tight in with it. Now as she rocked back and forth the mushroom head moved more easily and instead of the obvious strain on the skin around it, the head seemed to be moving over the skin. Soon the skin was moist enough to slip over and along the contours of the dull black rounded head leaving a bit of shine.

Andrea continued rocking back and forth until she positioned her pussy opening in line with the shaft. Then she began thrusting herself down on it causing the toy and her thighs to shudder. She used one hand to reach down and hold the toy in place as she built up more and more pressure with her thrusts.

Between hard breaths Andrea continued. "See... see, Tom. I'm a good cock slut... My pussy is already learning to get wet when a cock is being pushed into it... So you don't..." she moaned as she made some visible progress getting more of the head inside of her. "You don't need to do anything... Just let me have your cock, any cock, and I'll fuck it... Fuck it any way... any way you want me to... See... see it's going in..." The sensation of the head making its way deeper into Andrea's pussy was matched by the camera capturing half the head vanishing between her pussy lips as she continued to drive down. "And... and you said to start... to start small..." Andrea sighed as a bit more the head slipped in and she could feel with her hand that she was most of the way to the mushroom lip. "This... Tom... this is small for a cock slut... It's not even... not even four inches across, Tom... And I... I can do so much... more..."

Andrea let out a shuddering exhalation. Her labia were now visibly around the widest part of the glans, a broad cap skirt that was followed by the veined shaft which started half an inch narrower under the head and then broadened out toward the base. Andrea's fingers ran along the edge of her lips, and she could

feel how wet she had gotten just pounding the cock head into her body.

She looked into the camera deliberately. The sweat beaded on her brow, the flushed redness of her face, the heaving of her heavy rounded breasts, the soft contours of her abs, her straining thighs, and her obvious state of penetration.

She pushed down and tipped her head back as she felt the cock head plow a path into the walls of her pussy. Then she looked back at the camera and smiled as she continued to lift off and then drive down on the big cock. "Mmmmmhmmm... Tom... I just lost my cherry to a big vinyl cock... I licked it to get it wet... I force fucked it until it went in... And now..." she gestured to how she was steadily working the toy in as the wide head went deeper and deeper followed by the narrower shaft. "Now I'm going to enjoy being your cock slut by fucking it." She was obviously enjoying the sensation of the toy stroking and opening and filling her. "And one more thing..." she smiled like the cat who'd eaten the canary. "Your fisting slut...mmmmm yeah... Your fisting slut better get used to me riding big cocks for you..." She let out a lingering sigh of pleasure as she pictured herself riding the thick cock while she double fisted Alexi. "She better... oh yes... because... because I'm your cock slut... and I... oh definitely after this... I fuck big cocks with my pussy... Mmmmmhmmm..."

After just seven or eight minutes of riding the toy, Andrea hit bottom. She felt the constriction and cramping coming from the head wedged deep inside of her, but feeling her pussy get to the towels as the eight inch toy lifted off the floor and then pressed into her with each humping thrust was amazing. She carefully changed her position, moving awkwardly forward on her knees with the oversized cock still wedged inside of her. Then she smiled into the camera. "It's all in. Your cock slut has an eight inch by three and three quarters inch black rubber vinyl cock completely buried in her pussy." She coo'd a bit as she moved so she was sitting on the towel with the dildo based wedged a bit into the floor tiles. "Not bad for her first cock." She idly played with the top folds of her labia, pulling them over the base a bit, tugging on them to see how they could cover it.

Then she picked up the eyeliner pencil and in careful manuscript she wrote "TOM'S COCK SLUT" across the top of her pelvis. The S's were a bit off at an angle, but she got her point across with the thick base of the black cock toy protruding between her lips just below her label. She sat there afterward playing with her clit and her labia some more, stroking and massaging her breasts and nipples, and generally putting on a display for Tom. Her face lit up as she looked into the camera again.

"I hope you cum when you watch this. I hope you enjoy watching me learn how to take care of and fuck cock. I want you to fuck me with your cock, Tom. I want

you to help me be a real cock slut. And more. Anything more you ask of me. If I can do it then I will." She was still glowing a bit as she leaned back and pushed and pulled the heavy cock out of her pussy. She set it standing up beside her knee leaving an obvious view of her pussy, the labia slick and full from the fucking, a tiny peek of her opening underneath her prominent clitoris. "If it were your cock then I'd clean it now, Tom. I'd take in my mouth and make sure it was perfectly clean. No matter how you fuck me." She smirked and crinkled her nose. "But it's a toy and I already know what I taste like."

She got up, turned around, and knelt back down with her back to the camera. "But just so you know I'm working on this too..." She ran one hand down between her buttocks, and then tipped forward. The camera easily captured Andrea pistoning two fingers in and out of her bottom. "I just hope," Andrea's voice was reflecting off the bathroom wall in front of her and had a slight echo to it. "That when you decide to let me enjoy your cock inside of me, that you fuck my ass first." Her fingers slipped in and out, her palm barely lifting off her buttock as she finger fucked her anus. "How many times will you fuck my ass before I earn my tattoo? How many times will you just tell me to bend over, and I will feel you shove your cock into me? What should I wear to encourage you, to make you hard, so you fuck my ass more and more often? While Alexi is fucking toys... while I'm fisting her... while she's fisting me... while I'm riding that big cannon... oh god... I hadn't... I hadn't thought..." Andrea's fingers moved faster and deeper. Her ring finger was dangerously pushing alongside the other two and she tried to keep it flat so she wouldn't break the rules. "I was only... I only thought about... you fucking... fucking me..." Her labored breathing made it harder for her to speak and she slumped forward a bit giving the camera an amazing shot of her pussy ripe and wet with a slight hint of juices coming out along the lower labia as her two fingers slipped in and out of her anal pucker at varying angles and depths. "Oh god... Tom... I'm your cock slut... oh oh oh... I didn't realize... you're going to need me... you'll need my ass so much... you're going to need me with you two... because... because she's so stretched... so open... you'll fuck her... oh gawd... you'll fall right into her... she's... she's so big now... bigger than any cock... oh my ass... my ass will get fucked... all the... all the time... she's so open now... so stretched... and my ass... oh god... you'll... you'll fill my ass with... cum in my ass... oh I... I didn't... didn't understand..."

Andrea was pounding her ass and barely noticed that her ring finger was pressed so tight that her sphincter had slipped around the edge of it. Her two fingers were driving in and out of her soaking hole as she felt the wet from her own ass soaking them and simmering heat from her pussy urging her on - a pussy full and wet as each anal stroke seemed to pump pussy juice out. Her pussy exploded and Andrea felt the orgasm burst out of her as wet slippery girl cum drooled out of her labia in trickles. She removed her fingers from her bottom and then very deliberately went back to just one finger.

"I can't be trusted, Tom," she said softly with the bathroom echo. "I am a cock slut for you, but I've always been a toy slut and a fisting slut." She let out a long rattling breath. "I've almost never touched my ass, never let anyone touch it, and for two days now I've been cumming while I finger it. First one finger that became two, and now two fingers that almost became three." She sighed and got up, leaving her one finger in until she sat down to face the camera. Letting her legs spread a bit, she leaned back and put the finger back into her anus, her hand covering her pussy as she sunk that finger all the way in.

"I was so foolish. I heard you tell me to take start off slow, but I want so bad to feel that big cannon in my pussy. All five and half inches of it. As often as I can. But you..." she paused. "You will need a cock slut." She pulled her finger out and wiped up her hands with a wet wipe. Andrea made no attempt to cover herself - to hide her erect nipples, to fix her mussed short hair, to bring her thighs together. "A cock slut who will keep her ass tight so after you fist fuck your whore, with her completely stretched out cunt and ass, you can slip your hard cock into my tight ass and cum. A cock slut who will suck and clean your cock after you fuck her and after you fuck your property. A cock slut who will never say no, never turn you away, even when your fuck toy is unable to satisfy you."

She sat up straight and gestured to where she had written "TOM'S COCK SLUT" and nodded into the camera. "I'll be your cock slut, Tom. I'll do the best I can. But when the time comes, don't hold back. I'm bigger than Alexi. I can be your whore too. I can fuck whatever you ask me to. I will fuck whatever you ask me to. And when you want, just ask me and I will destroy my cunt and my ass. I will wreck myself and your fuck toy and I will be a matching pair." She hesitated. "And even then," she continued slowly and softly, "even then I'll be your cock slut. I'll let you fuck my mouth like it was a cunt or an ass. I'll train my throat to give you the same feeling. I'll..." she paused again. The she looked straight into the camera. "We should start training my mouth and throat when I return. You said all openings, and that's an opening for your cock. We'll have to work together to teach you how to cum like that and me how to swallow you and get used to your flavor. Then you will know... I'll know... that you will always have a cock slut able to service you."

Andrea looked at the pile of toys and the mess she had made. "Good night, Tom. I have to clean up and go back to bed. Tomorrow will be another big day." She hugged her breasts up to her chin and blew a kiss to the camera. Then she reached in and stopped the recording.

When Tom got up in the morning and checked email, he had two notes from Alexi and Andrea. Or rather one note from Alexi, apologizing for being out of touch but truly exhausted and hoping to catch up the next day - and one note from Andrea with a link and a quick 'I wanted to share' comment.

He downloaded the rest of his email, logged into work webmail, and then checked his calendar. It was a pretty open day. So he showered, puttered around over some orange juice, and then made his way back to his desk for some backoffice work.

After an hour he checked email again and remembered to follow up Alexi and Andrea. He replied to Alexi with a 'no problem' and 'hope you're doing well'. Then he opened Andrea's email and following the link. It was a Google doc account. Tom logged in to a few of his Google IDs before he figured out what Google account Andrea had granted access. Then he relaunched the link so everything was working right.

Under documents Andrea had set up and shared three items. One was a Word document named "Cock Slut Training," another was a folder named "Toy Catalog" with a set of files, and the last was a document with just a link to a rather sizable video clip on a Dropbox account prefixed with the prior night's year, month, and day and then "Training and Cherry Busting." Tom started the video downloading and then downloaded and opened the Word documents.

Andrea had set up a simple two tier repeating table structure in "Cock Slut Training." The top level included the date, instruction, and notes. The second tier was an indented set of rows with date and activity. She listed Tom's instruction to use only her two fingers and his cock in her ass. Under activities she had a brief description of fingering herself with Alexi, and then another description of fingering herself the prior evening with a reference to the video. That caught Tom's interest and he felt his cock wake up a bit. Then the next table set noted Tom's request she play with toys vaginally. In the notes she added "cock or phallus toys" and then under activities she listed playing with a toy the prior evening, the name and catalog designation of the toy, and a reference to the folder.

The last table set before a break was the instruction to experiment keeping her ass lubricated and moist. Under the activities, Andrea noted the silicon lube and not needing lube the next day.

"Damn, she's organized," Tom commented under his breath.

After a few carriage returns, Andrea had listed three other items prefaced with "[GOAL]" in the instruction block followed by a description. The first listed using her mouth to lubricate and wet a cock for penetration as well as clean

Tom's cock any time it was offered. She had some activity notes about licking the toy mentioned in the prior activity. The second goal listed handling cocks of all sizes vaginally with a note that she needed to know how slow she should proceed. The last goal listed was much more than Tom had expected from Andrea knowing he'd already pushed her way beyond her comfort zone.

"[GOAL] Orally please Tom and provide my mouth and my throat like a pussy or ass so he can fuck me any way he wants and cum. Work with Tom to enhance his ability to cum from my oral stimulation."

Tom was certain that while Andrea regularly went down on women she had never sucked cock or drank male cum. He was equally confident she had never been face fucked with something in her mouth at the same time. He pondered her notes and decided to see how things evolved rather than interject.

The video finished downloading so he started it up. Andrea had added an intro slide with the date and a brief summary. "My first night being a cock slut," it read at the top. In the description she had put "Showing I am Tom's Cock Slut. Losing my pussy's cock cherry to a 3 3/4 wide cock dildo. Double fingering my ass to orgasm." Then the video started with a thick mushroom headed vinyl dildo on a towel in a hotel suite bathroom. In moments Andrea said "I am your cock slut, Tom" and Tom's cock went from feeling a bit thick to the hardness of a steel shaft in a few moments.

Ordinarily Tom skipped through videos, bored by the slow pace of things. But Andrea had his undivided attention right up to her good night kiss. The video looped but Tom had to get up and grab some more juice. His orgasm had hit right toward the end, and it was time for another shower. He texted Andrea on the way upstairs.

"Amazing."
